MV NANSEN EXPLORER

OVERVIEW

MV Nansen Explorer is owned and operated by Nansen Polar Expeditions, with expedition management by EYOS Expeditions, this multifaceted alliance introduces a new expedition yacht experience in the polar regions.

MV Nansen Explorer's previous life has deep roots operating in the polar regions; in 2021, following an extensive refit, she has been reborn for the ultimate expedition experience for 12 guests.

LOUNGE

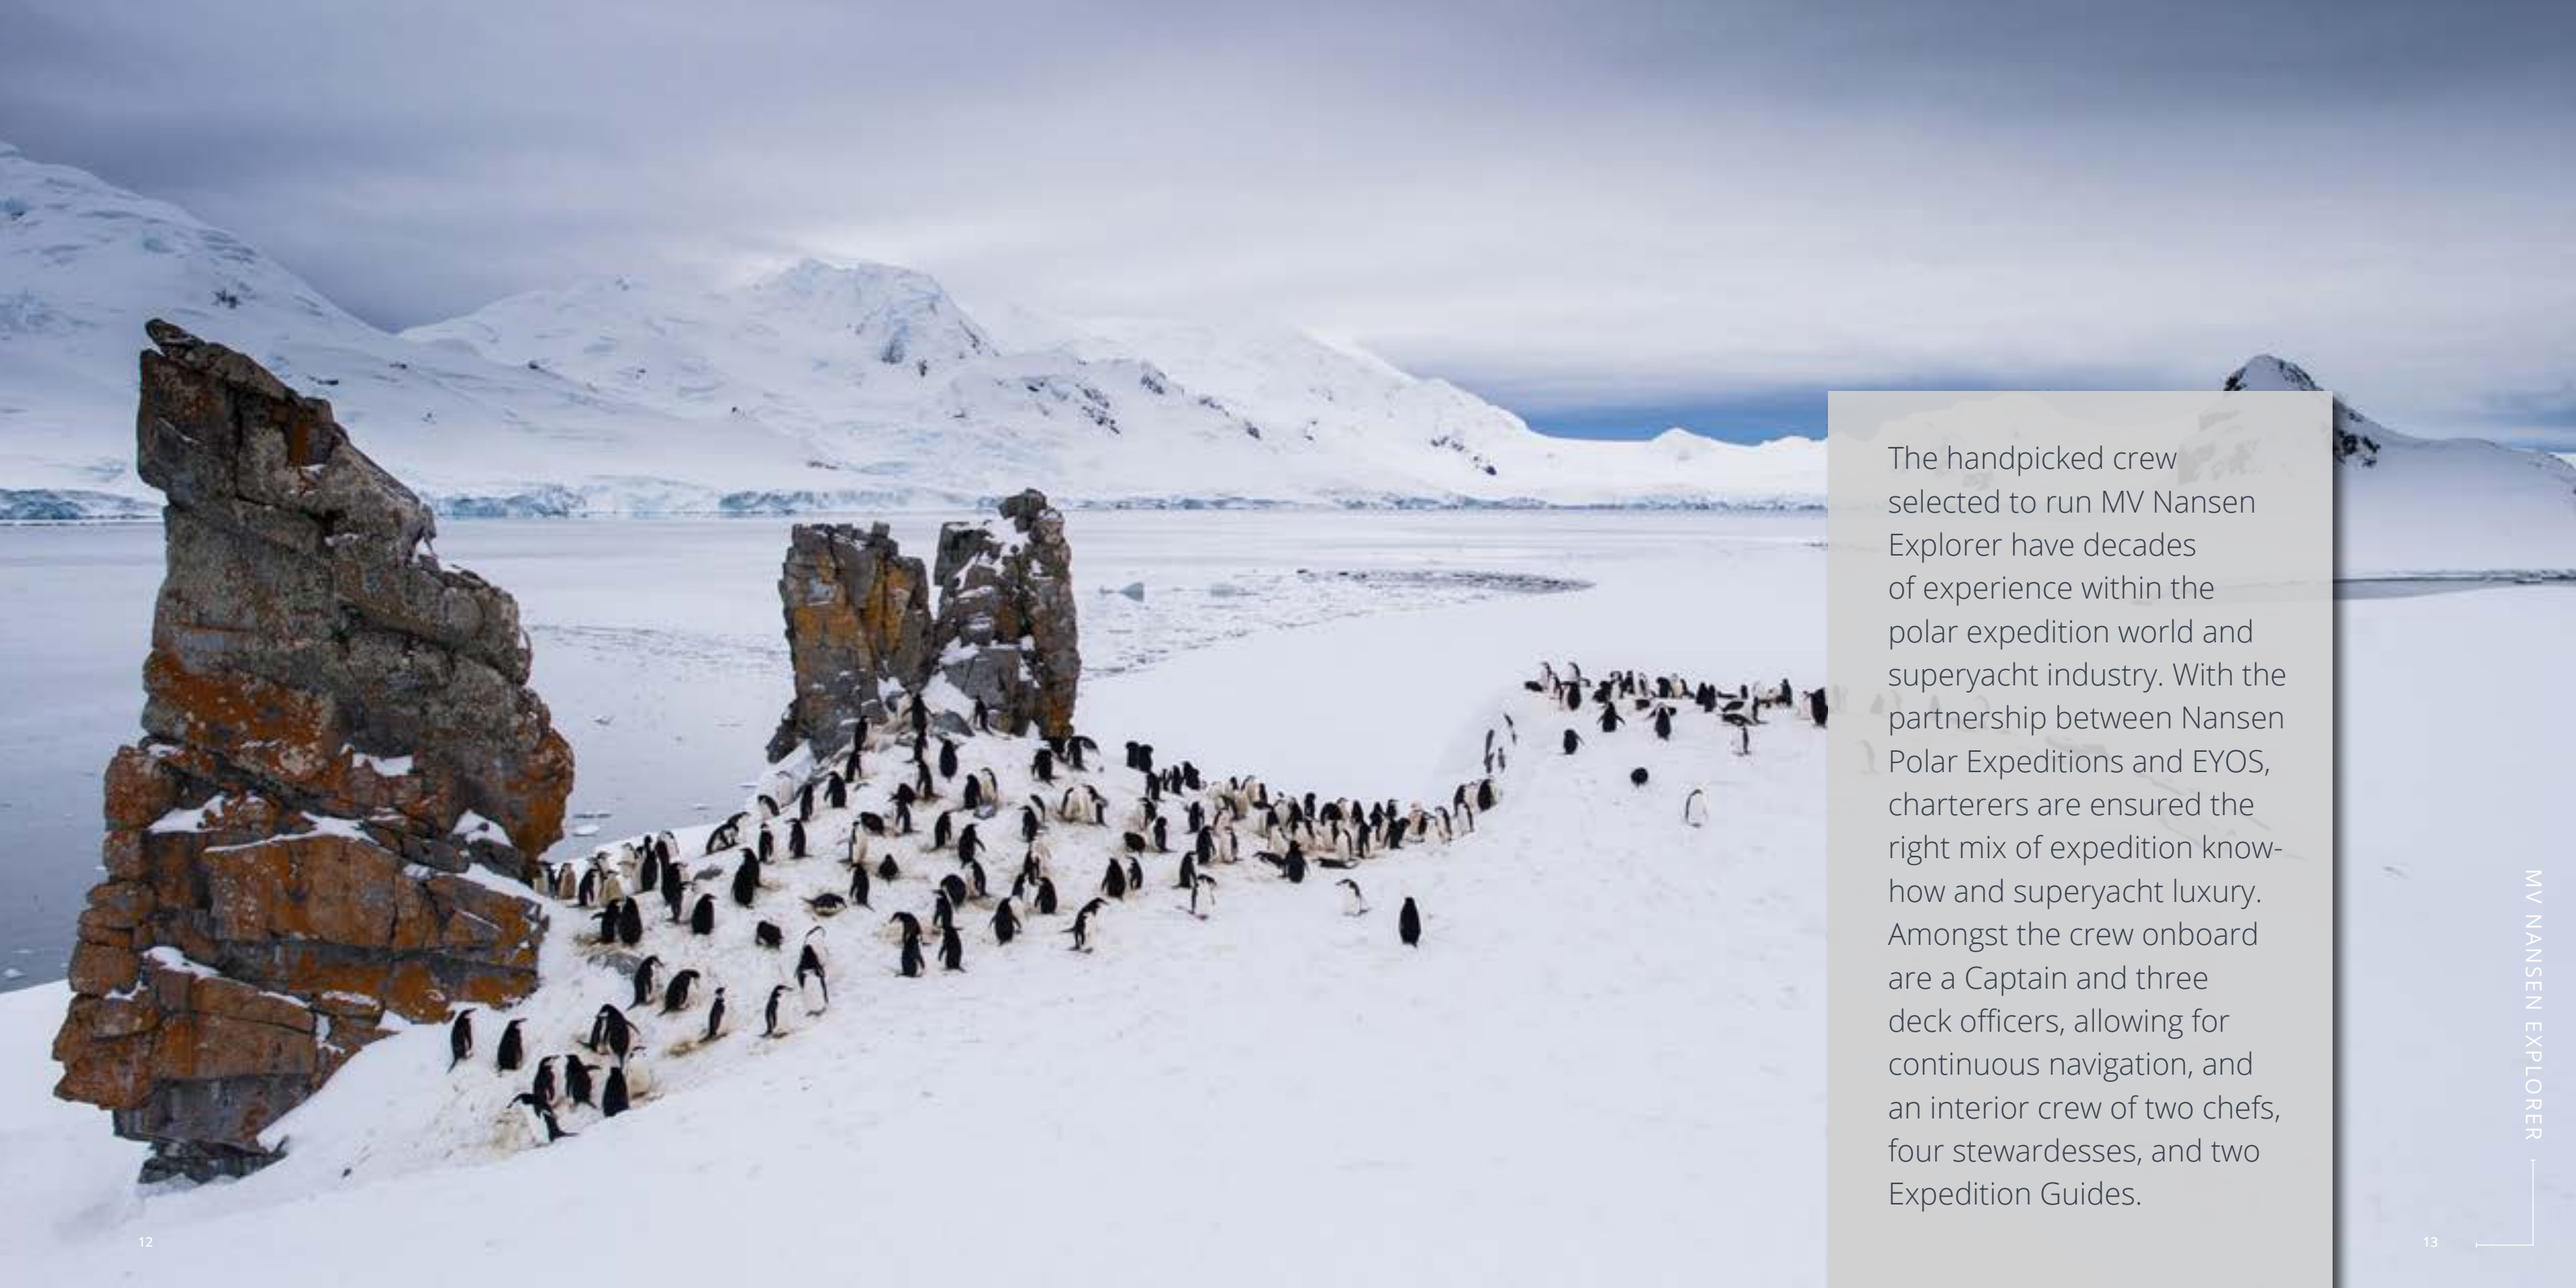

A true polar adventurer, MV Nansen Explorer will spend austral summers in Antarctica and boreal spring and summers in the Arctic. Utilizing her ice-class hull and polar experienced officers, she can penetrate deep into the ice, reaching destinations well out of reach of conventional superyachts.

The handpicked crew selected to run MV Nansen Explorer have decades of experience within the polar expedition world and superyacht industry. With the partnership between Nansen Polar Expeditions and EYOS, charterers are ensured the right mix of expedition know-how and superyacht luxury. Amongst the crew onboard are a Captain and three deck officers, allowing for continuous navigation, and an interior crew of two chefs, four stewardesses, and two Expedition Guides.

DINING ROOM

She also proudly features an Adventure Hangar where kayaks, SUPs and dive equipment is stored, including an additional space for expedition preparations and relaxing, leaving her many open deck areas clear for wildlife and scenic viewing. MV Nansen Explorer has a large helicopter landing pad, fitted with a refueling station.

MV Nansen Explorer's 2021 refit has afforded large accommodation spaces featuring elegant Scandinavian design. Large windows bring the outside scenery in, and she boasts 7 cabins including an expansive Owner's Suite and a separate VIP Suite.

MV Nansen Explorer Expedition Destinations 2023/2024

Winter 2023/2024 - 09- 20 February 2024 Antarctic Peninsula Expedition

Spring 2024 - 20 April - 27 April 2024 GREENLAND HELI-SKI EXPEDITION WITH BODE MILLER & CHRIS DAVENPORT

Autumn 2024 - 26 October - 9 November 2024 South Georgia Expedition

A dramatic photograph of a massive ice formation in Antarctica, featuring a deep, jagged crevasse and a sharp ice edge. The scene is bathed in a deep blue light, with a clear sky and a flat horizon in the background.

ANTARCTICA EXPEDITION

ABOARD *NANSEN EXPLORER* | FEBRUARY 9-20, 2024

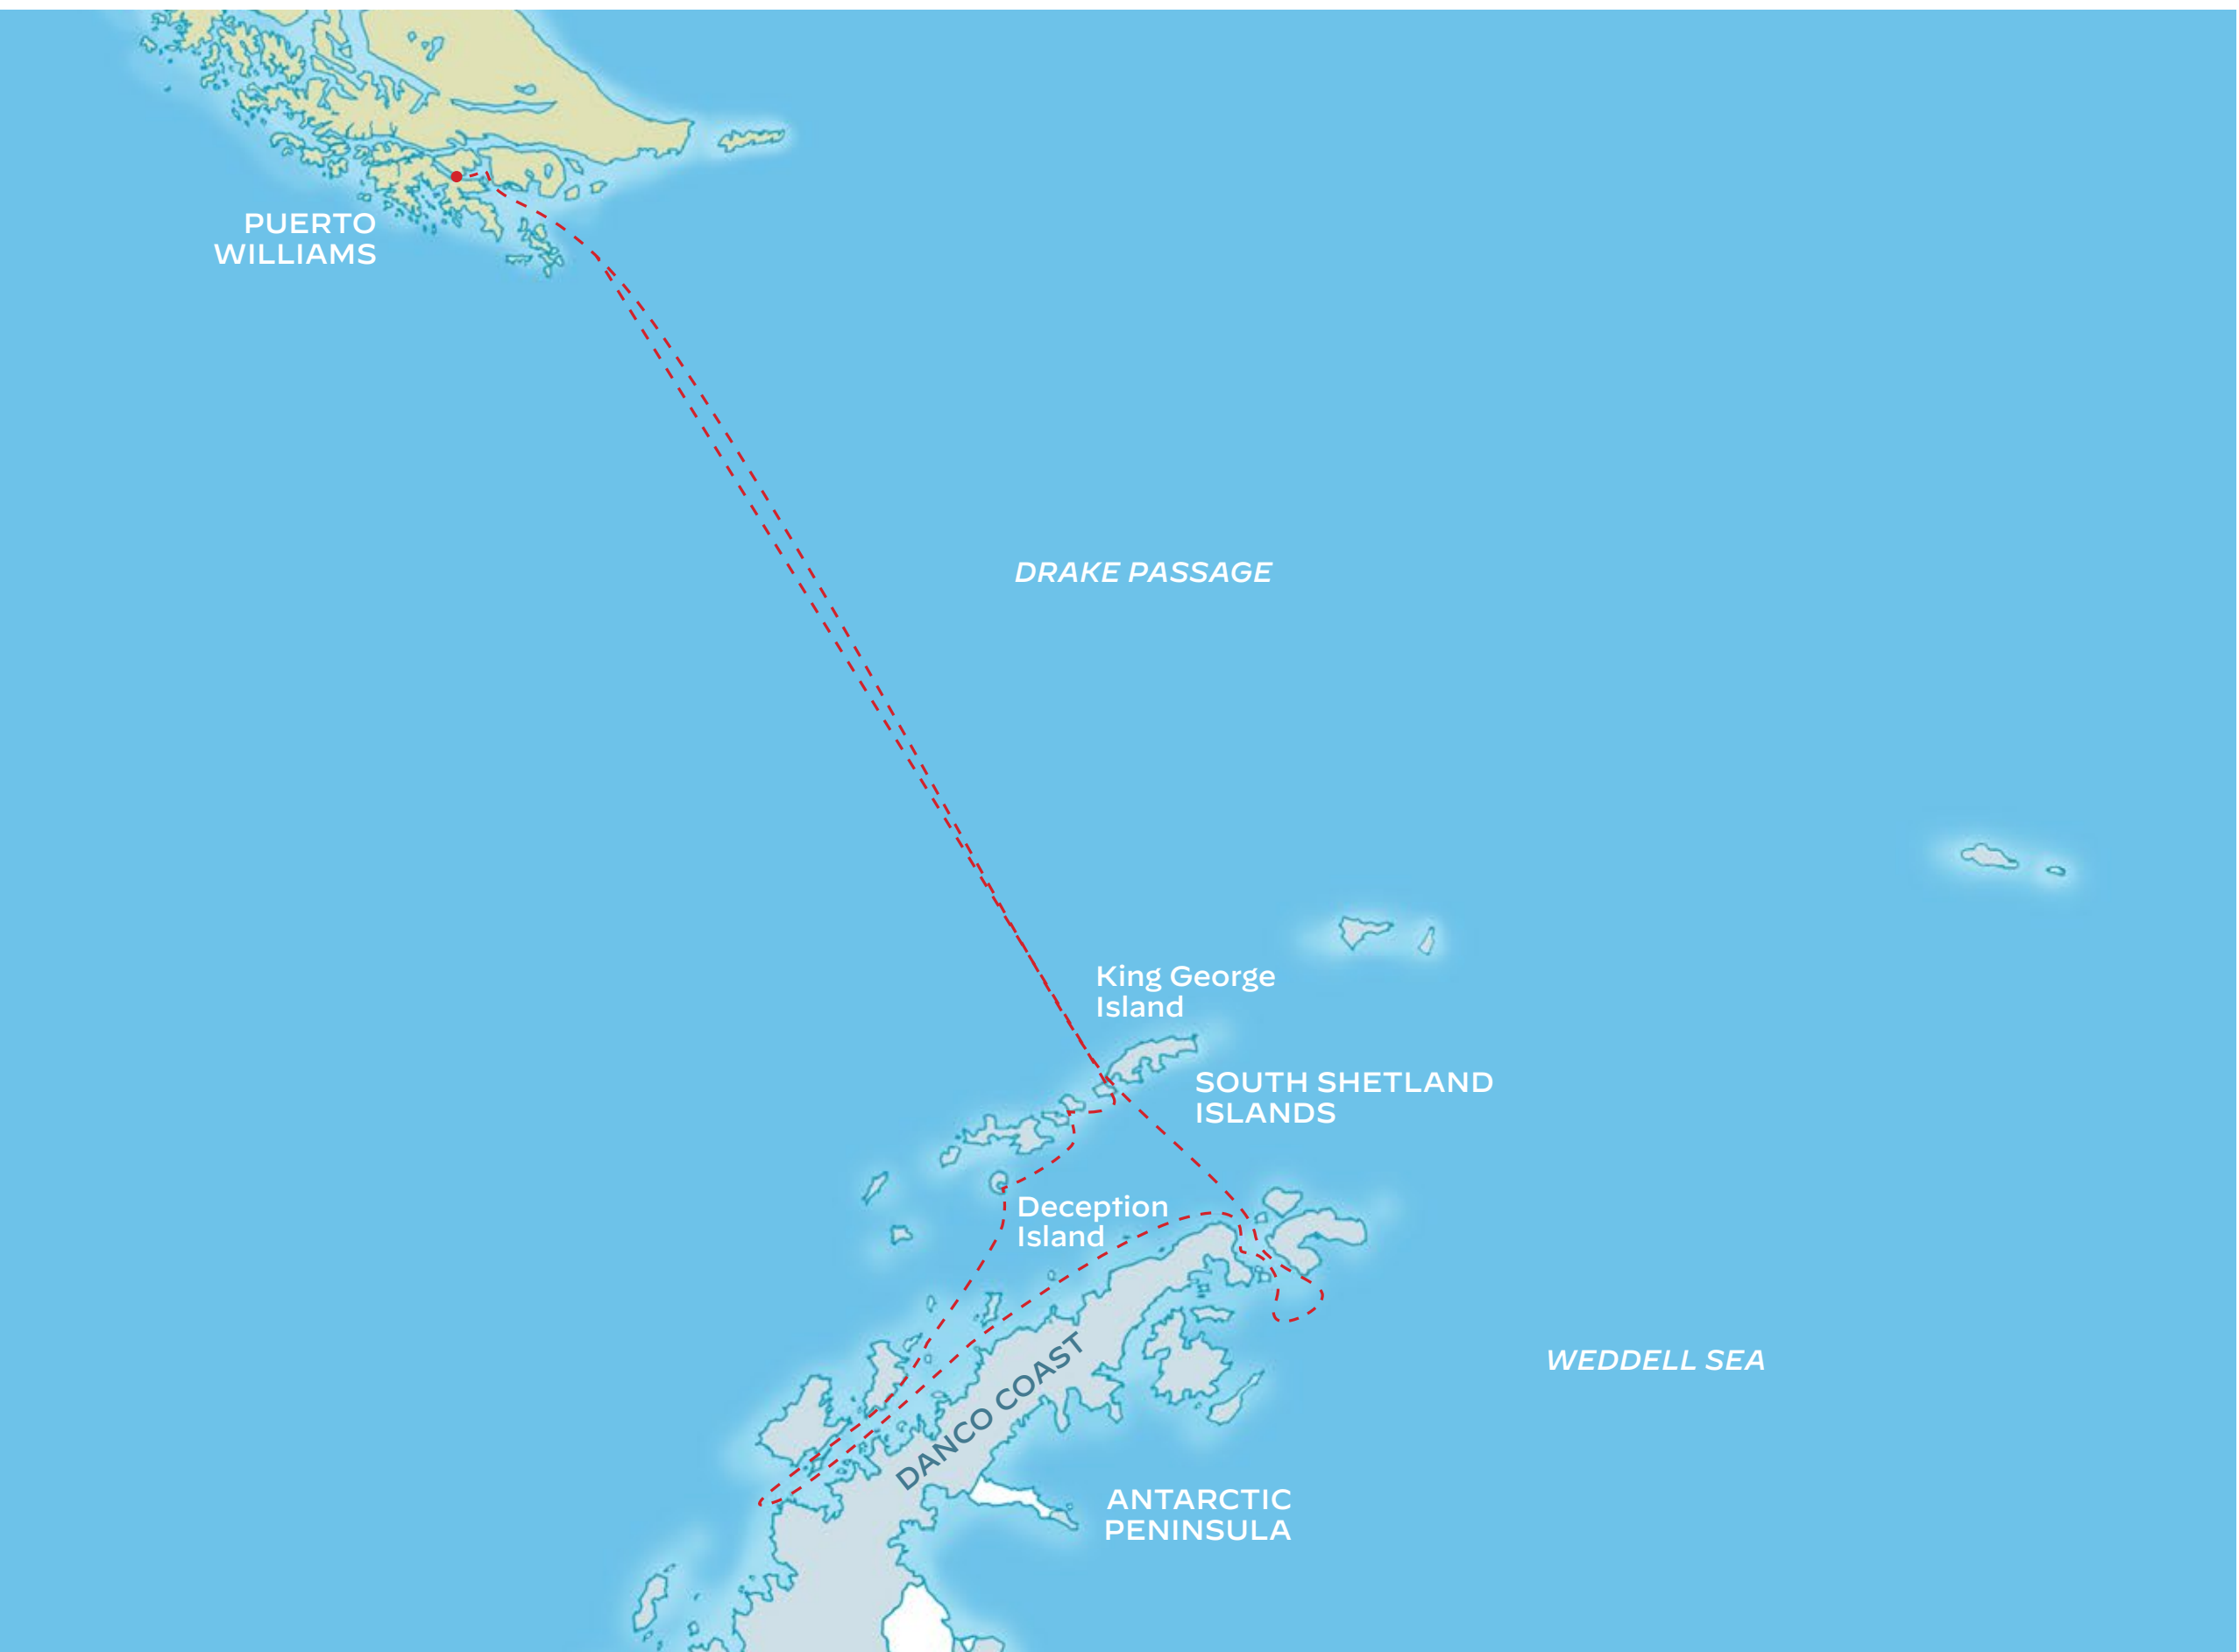

EXPERIENCING ANTARCTICA

Antarctica is the ultimate travel experience whether you're a citizen explorer or a professional adventurer. Found at the bottom of the world, Antarctica is a remote wilderness, untrammelled and untamed. It requires experience to assume responsibility for people's safety, but your expedition team and *Nansen Explorer* have been safely sharing the wonders of the White Continent for decades.

What draws people here is what they've learned about Antarctica—the superlatives, from the history of the Golden Age explorers—to the threats the continent faces from climate change. And most importantly, what they've seen—the impossibly beautiful images.

A vast continent of ice and the awe-inspiring power of raw nature, Antarctica is the world's most pristine environment, offering unparalleled landscapes, natural beauty, an abundance of wildlife and exhilarating adventures. Every voyage to Antarctica is unique, with the route decided by the weather and ice conditions as you explore this last truly wild continent. A flexible itinerary allows the yacht to follow the best conditions, using near-constant daylight to discover an amazing coastline of mountains, fjords and islands.

This is a yacht expedition, designed for flexibility and spontaneity. The actual day-by-day itinerary will be determined by your Captain and Expedition Guide according to weather conditions, and each day they will discuss options for activities and landing sites with the group. You will spend your days exploring the Antarctica Peninsula, taking time to recount the highlights through shared stories and photographs.

DAYS 1-2:
Arrive in Puerto Williams and transfer to the port to board *Nansen Explorer*. You will meet your Expedition Team and shipmates. Settle into your home for the next 11 nights, transiting southward through the picturesque Beagle Channel enroute to the famed Drake Passage. This infamous body of water stretches between the southern tip of South America and the northern end of the Antarctic Peninsula. This is the realm of the albatross, majestic wanderers of the Southern Ocean, who will accompany you on the approximately 590- nautical-mile journey over the next two days. Crossing the Antarctic Convergence, there is a noticeable change as currents and upwellings provide plentiful food for the birds and whales that thrive in these waters — this is one of the most abundant and pristine wildlife areas on the planet.

DAYS 3-9:

Depending on the route the voyage takes, some highlights to anticipate:

SOUTH SHETLAND ISLANDS

These wildlife-rich islands are on the edge of the Drake Passage at the northern extent of Antarctica. Numerous penguin colonies, seals and seabirds inhabit the islands and the South Shetlands have a deep and intriguing history from the sealing and whaling eras.

DECEPTION ISLAND

Deception Island is the flooded caldera of a volcano that last erupted in the 1970s. In addition to its fascinating geology and history of shore-based whaling, the island is home to one of the region's largest chinstrap penguin colonies.

ANTARCTIC SOUND & THE WEDDELL SEA

Known as Iceberg Alley, Antarctic Sound is at the very north-eastern point of the Antarctic Peninsula, where large tabular icebergs drift in the Weddell Sea. We may land and visit Adelie penguin colonies at Paulet Island, Brown Bluff, Devil Island, or elsewhere in the area. Exploring the fringes of the Weddell Sea on the eastern side of the Peninsula, we'll search the ice floes for emperor penguins. The largest of the penguins, the magnificent adults are hard to find during austral summer when their winter breeding colony on Snow Hill Island disperses. There is the chance, however, of finding a newly-fledged juvenile or two resting on the ice.

THE DANCO COAST & GERLACHE STRAIT

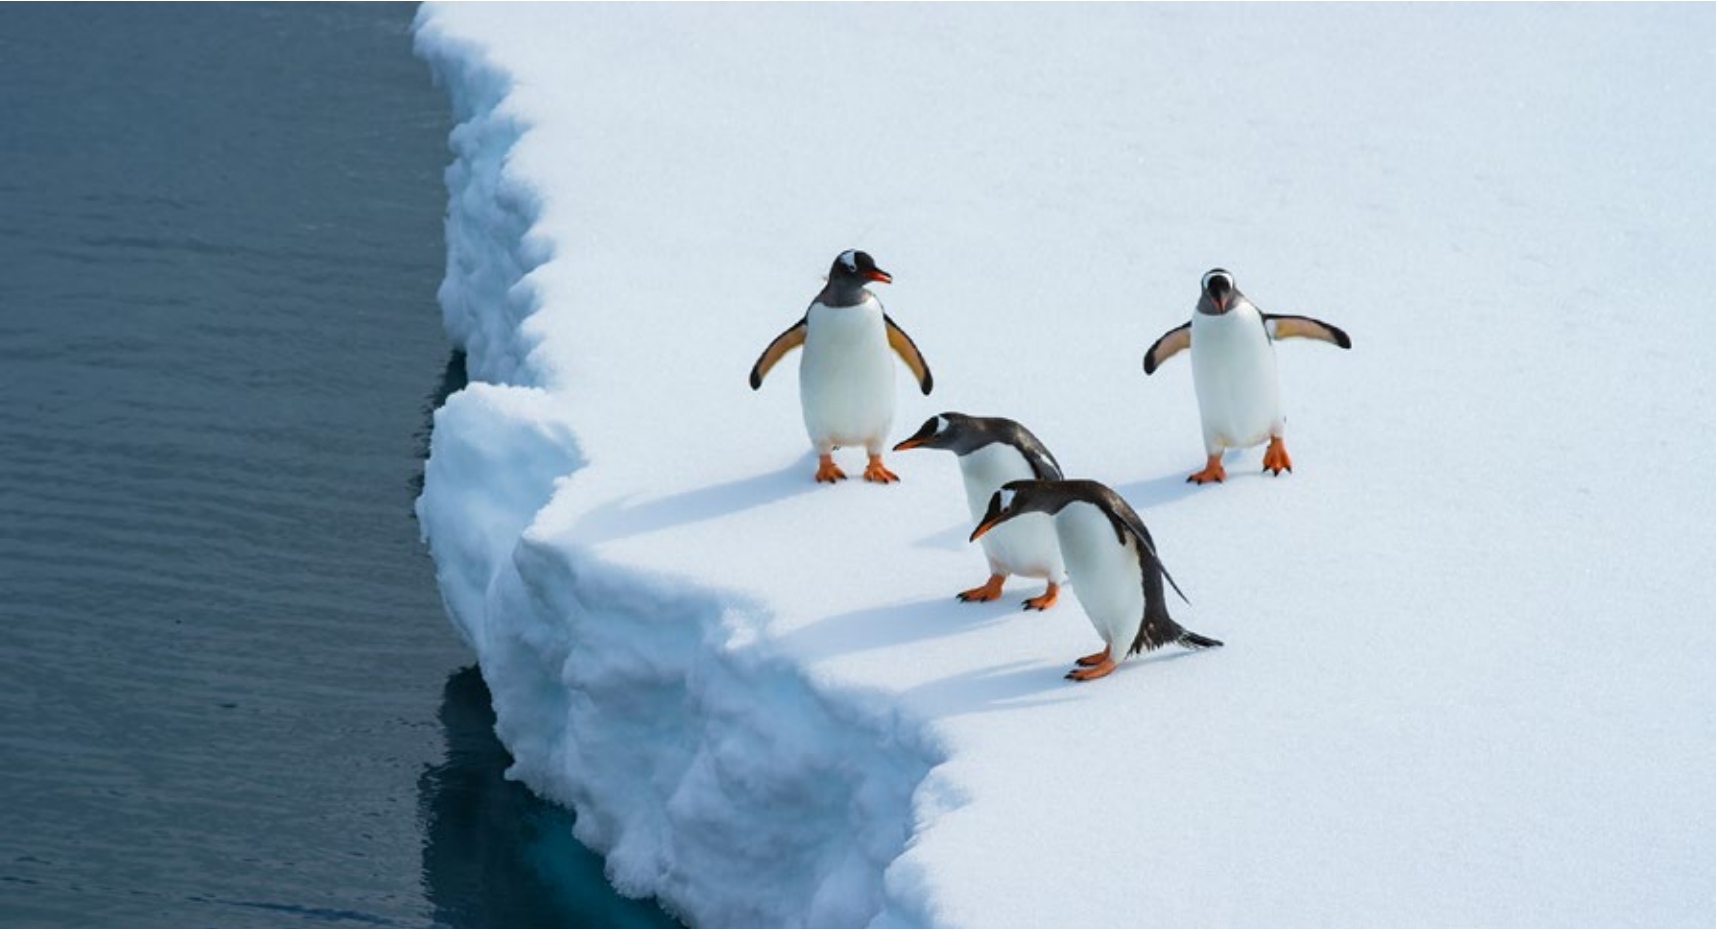

We plan to spend time in this breathtakingly scenic area on the western side of the Antarctic Peninsula, where you'll explore numerous islands and channels, filling your camera's memory card. Visit gentoo penguin colonies and cruise with the yacht and tenders past immense glaciers among mesmerizing icebergs in Paradise Bay, Errera Channel, Neko Harbour, Port Lockroy, Lemaire Channel, Petermann Island and Booth Island. Humpback, minke and orca whales can often be found in these tranquil waters.

DAYS 10-11:

Begin the journey back to Puerto Williams. Spend time on deck watching for the whales that frequent these waters, or enjoying the acrobatic maneuvers of black-browed albatross, Wilson's storm petrels, and sooty shearwaters as they crisscross the sky. Preparing to say farewell to your shipmates, there is time to visit over a refreshing drink and download photos for sharing.

DAY 12:

Arrive Puerto Williams. Transfer to the airport and return flights home.

NANSEN EXPLORER

NANSEN EXPLORER

Originally designed as an Arctic research vessel, *MV Nansen Explorer* is now an industry first, bridging the gap between super yacht and expedition ship. With an Ice-1A class hull, *Nansen Explorer* can venture deeper into polar ice than other yachts. Her rugged exteriors, like the badges on a polar explorer's parka, are her bona fides. Following her extensive 2021 refit, calibrated to please the most discerning of clients, her refined interiors reveal a yacht soul.

MV Nansen Explorer is owned and operated by Nansen Polar Expeditions for private charter. However, thanks to the exclusive management partnership with EYOS, who pioneered 'single cabin' departures aboard superyachts, *MV Nansen Explorer* can also offer individuals the intimate experience yacht owners enjoy—being alone far from the crowds with very few people in one of the most beautiful, remote places on Earth.

Meals are a quintessential highlight of the expedition experience. *Nansen Explorer's* chefs hail from all over the world and prepare unparalleled, innovative 5-star meals each day—gourmet, healthy cuisine to fuel your journey.

INCLUDED AND NOT INCLUDED:

COSTS INCLUDED:

All accommodations aboard the vessel; all meals, non-alcoholic beverages, and standard alcoholic beverages aboard the vessel from lunch on February 9 through breakfast on February 20; shore excursions; access fees and special access permits; use of the vessel's kayaks and tenders; transfers between the airport at Puerto Williams and the vessel on February 9 and February 20; personal laundry onboard; taxes and service charges; internet service (note: internet service may be unstable at times due to weather conditions, technical challenges caused by the location of the vessel and/or technical issues by the service provider); services of the expedition staff.

COSTS NOT INCLUDED:

Air transportation; passport, visa and immigration fees; vaccinations and/or COVID-19 tests required for travel; meals not indicated; travel protection plan; top shelf alcoholic beverages and items of a personal nature such as satellite phone calls. Gratuities to ship's crew and the expedition staff are at your discretion.

AIRFARE:

Airfare to and from your home to Puerto Williams, Chile is not included.

TERMS AND CONDITIONS:

RESERVATIONS:

To reserve your place, an advance payment of 50% of the voyage price is required. The advance payment must be paid within seven (7) days of receiving the invoice for the reservation. Payment must be made by wire transfer to the account on the invoice. Your initial payment indicates your acceptance of our complete Terms and Conditions. We require written notice at the time of reservation of any physical conditions, diet or treatment requiring special attention.

FINAL PAYMENT:

Final payment is due 90 days prior to departure. If final payment is not received on time, confirmed reservations will be cancelled, with rebooking subject to space availability.

TRAVEL INSURANCE:

We strongly recommend that you purchase travel and cancellation insurance, including medical evacuation coverage, to protect your investment in the event of unexpected or unforeseen circumstances.

SMOKING POLICY:

Smoking is allowed only in the designated outdoor areas.

RESPONSIBILITY AND OTHER TERMS & CONDITIONS:

Among other things, limitations of EYOS Expeditions Ltd's and Nansen Explorer AS's liability for loss of property, injury, illness or death during the voyage will be provided to all guests on the ship's ticket sent prior to departure. A copy of the ship's ticket is also available upon request. By registering for the trip, the guest agrees to all such terms and conditions.

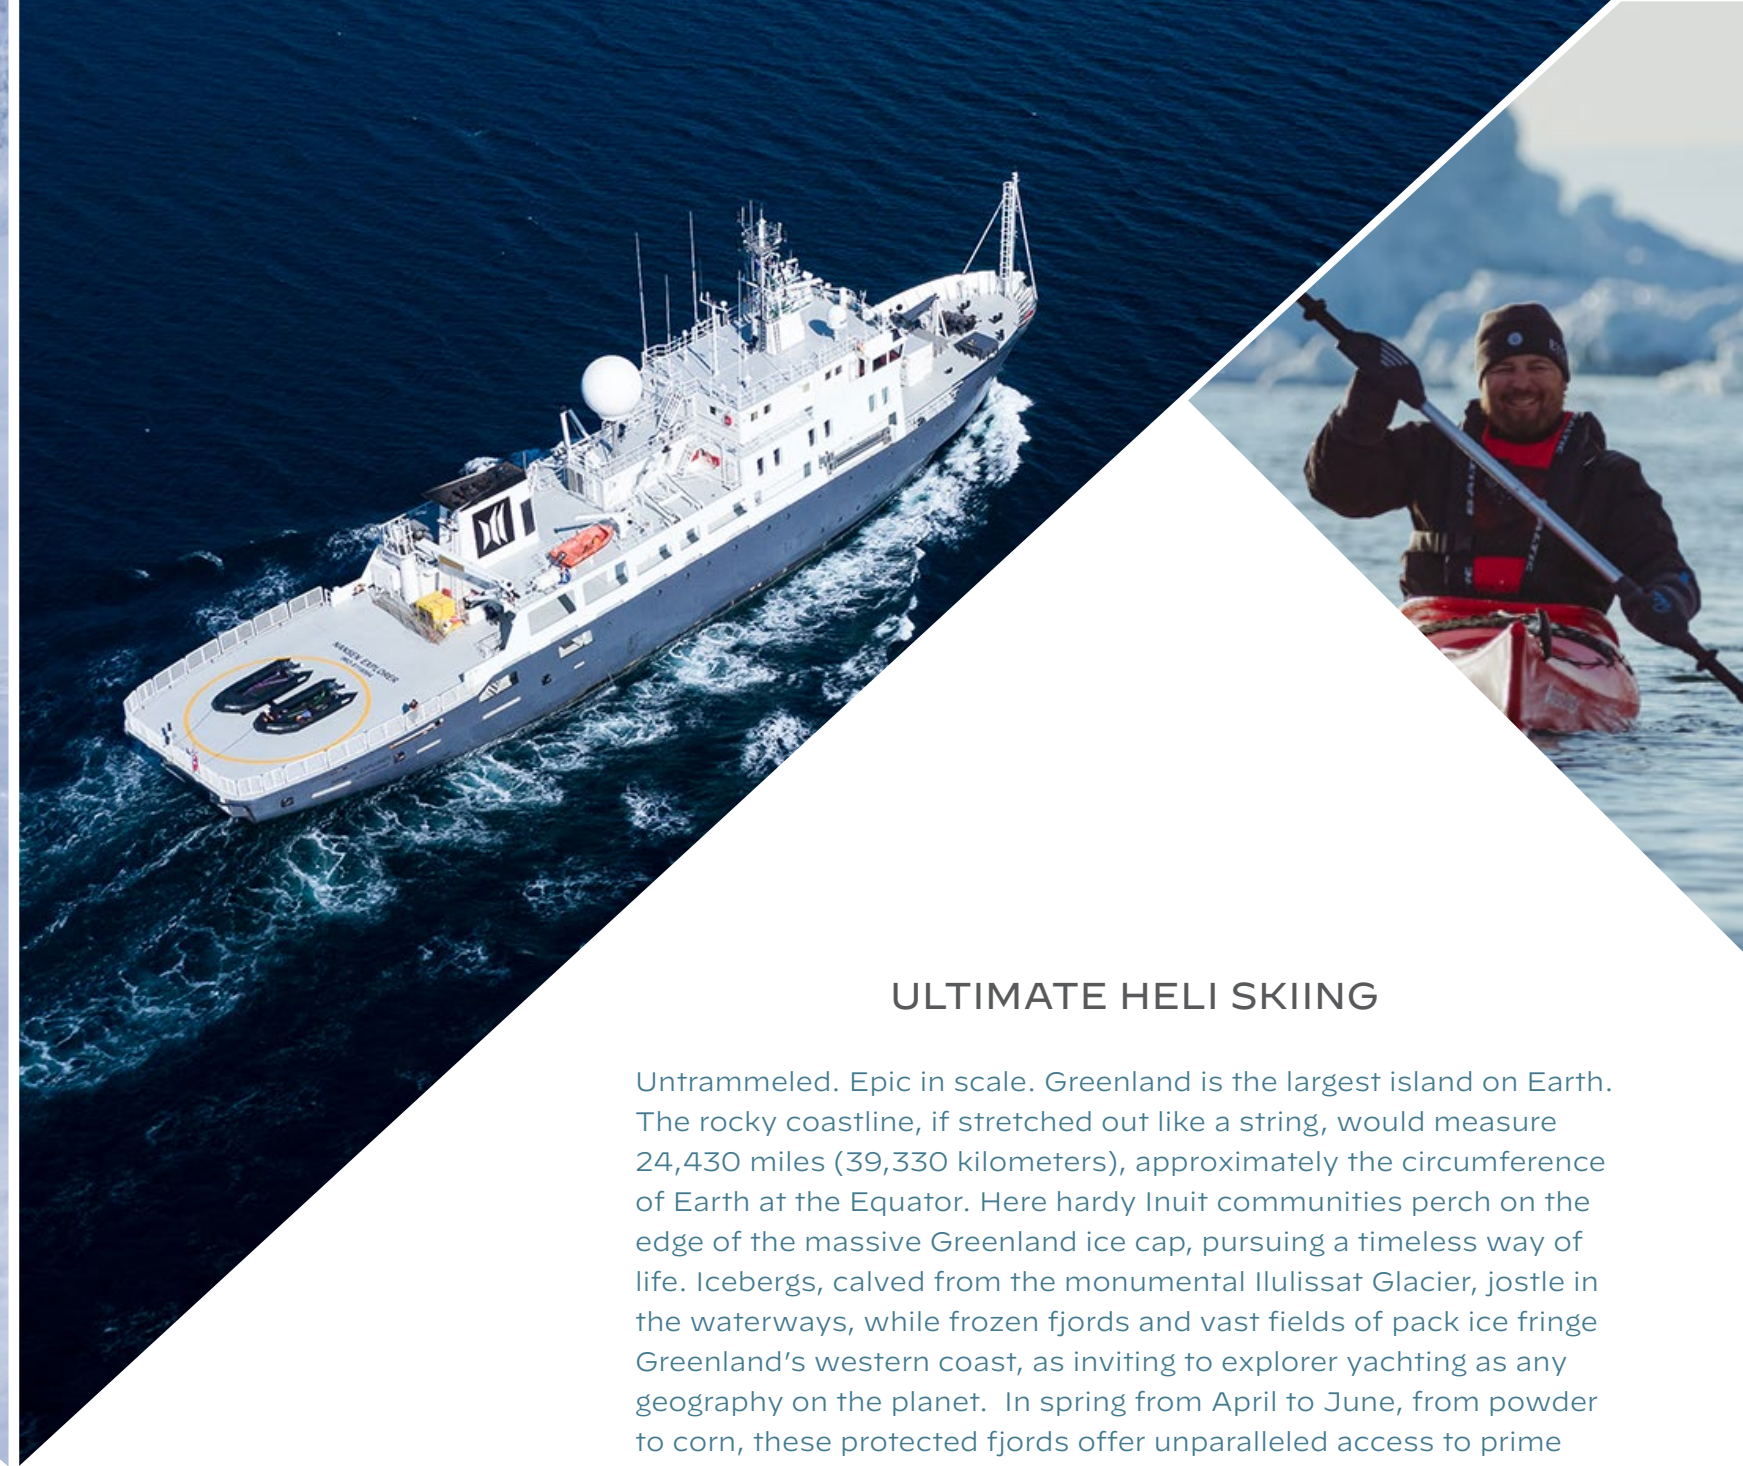

CANCELLATION POLICY:

- 50% of the advance payment that is made to secure the reservation is non-refundable.
- 120 to 91 days prior to departure the full amount of the advance payment is non-refundable.
- At 90 days or fewer prior to the departure, 100% of the full fare is non-refundable.

GREENLAND
HELI-SKI EXPEDITION
WITH BODE MILLER & CHRIS DAVENPORT

ABOARD *NANSEN EXPLORER* | APRIL 20-27, 2024

ULTIMATE HELI SKIING

Untrammelled. Epic in scale. Greenland is the largest island on Earth. The rocky coastline, if stretched out like a string, would measure 24,430 miles (39,330 kilometers), approximately the circumference of Earth at the Equator. Here hardy Inuit communities perch on the edge of the massive Greenland ice cap, pursuing a timeless way of life. Icebergs, calved from the monumental Ilulissat Glacier, jostle in the waterways, while frozen fjords and vast fields of pack ice fringe Greenland's western coast, as inviting to explorer yachting as any geography on the planet. In spring from April to June, from powder to corn, these protected fjords offer unparalleled access to prime heli-ski terrain. No lift, no lines. Ski from summit to sea on wide, treeless snowfields and down steep couloirs flanking glacier-sculpted peaks. Carve tracks where few have or will—from heights overlooking iceberg-choked bays and granite landscapes some 3.8 billion years old. *MV Nansen Explorer* is the launchpad for a next level backcountry experience.

EXPERIENCE NEXT LEVEL
HELI SKIING IN GREENLAND —
WITH BODE MILLER AND
CHRIS DAVENPORT

*"If you're on the fence about heli-skiing in Greenland,
do it. Wide open, untouched powder fields from
summit to sea is the stuff dreams are made of."*

- Bode Miller, Olympic and
World Championship gold medalist

Bode Miller and Chris Davenport will be special guest guides for this heli-ski expedition to Greenland this spring—a not-to-be-missed opportunity. Being the most accomplished male alpine skier in U.S. history is only part of the Bode Miller story, as any ski aficionado knows. One of the greatest World Cup racers of all time, he is the only skier with five or more victories in all events: slalom, giant slalom, combined, super-G and downhill. Chris Davenport is a two-time World Champion skier and the first person to ski all fifty-four of Colorado's 14,000-foot peaks in less than one year. He has numerous first descents of peaks around the globe under his belt, including guiding and skiing on Mt. Everest.

To have Bode and Chris onboard is an unbelievable opportunity for skiers to, as Chris says, 'find beautiful lines in incredible locations.' Bode and Chris are an unbelievable combination; both are fantastic ski partners and great après ski companions. To share this full custom adventure with them on the 12-guest expedition yacht *Nansen Explorer* is next level. With an ice-strengthened hull specifically designed for polar waters, and a commercially certified heli deck, *Nansen Explorer* is the ideal 'lodge' and launch pad for other-worldly ski adventures and exploring Greenland's epic wilderness

As experienced guide, Doug Stoup, attests, "After months of winter storms, as spring arrives in the Arctic, there is amazing skiing to be found along this vast coastline, with new peaks and new routes waiting to be discovered, so there is no shortage of opportunity to make fresh tracks."

Limited availability. Book soon to capture your choice of 6 cabins.

GREENLAND

NUUSSUAQ PENINSULA
DISKO ISLAND
DISKO BAY
ILULISSAT
SISIMIUT
KANGERLUSSUAQ

DAY 1:
Arrive in Greenland at the international airport at Kangerlussuaq, the main air hub in Greenland and the only airport in west Greenland suitable for jet aircraft. The airport dates from American settlement during and after World War II, when the site was known as Bluie West-8 and Sondrestrom Air Base. Transfer to your scheduled Air Greenland flight to Sisimiut, a charming community whose name means “inhabitants by the fox burrows,” to meet *Nansen Explorer*, your home for the next 7 nights. The yacht will depart Sisimiut this afternoon and, conditions permitting, sail north to Disko Bay. Once underway, we prepare for the first skiing day tomorrow.

DAYS 2-7:
Nansen Explorer will spend the week exploring Disko Bay, to access mountains rising some 1000 meters straight from the sea. The scenery is spectacular—with breathtaking views of glaciers and the sea; you may even spot whales from the vessel or as you ski down. And the terrain is superb, offering wide, treeless expanses and exhilarating descents. The long days of Arctic summer and great snow conditions—this expedition is scheduled in prime season—will mean packed days of skiing along with other activities. In between runs or in lieu of skiing for those inclined, the expedition team can arrange landings, hikes, fishing, kayaking or Zodiac cruising in the peerless late-evening Arctic light, or to local communities to experience the Greenlandic way of life.

DAY 8:
Disembark *Nansen Explorer* at Ilulissat, and transfer to your scheduled Greenland Air flight to the international airport at Kangerlussuaq for flights home.

HELICOPTER & SKI INFORMATION
Ski operations will be managed by experienced heli-ski guides with a ratio of 1 guide to every 4 skiers and a minimum of 2 guides in the field at any one time. Guides carry additional safety equipment, radios and satellite communications with our floating basecamp, *Nansen Explorer*. Personal safety equipment including harnesses, beacons, probes, shovels and airbag backpacks are provided on board. There is the option to rent skis on board or you may bring your own. Ski tuning is available on board.

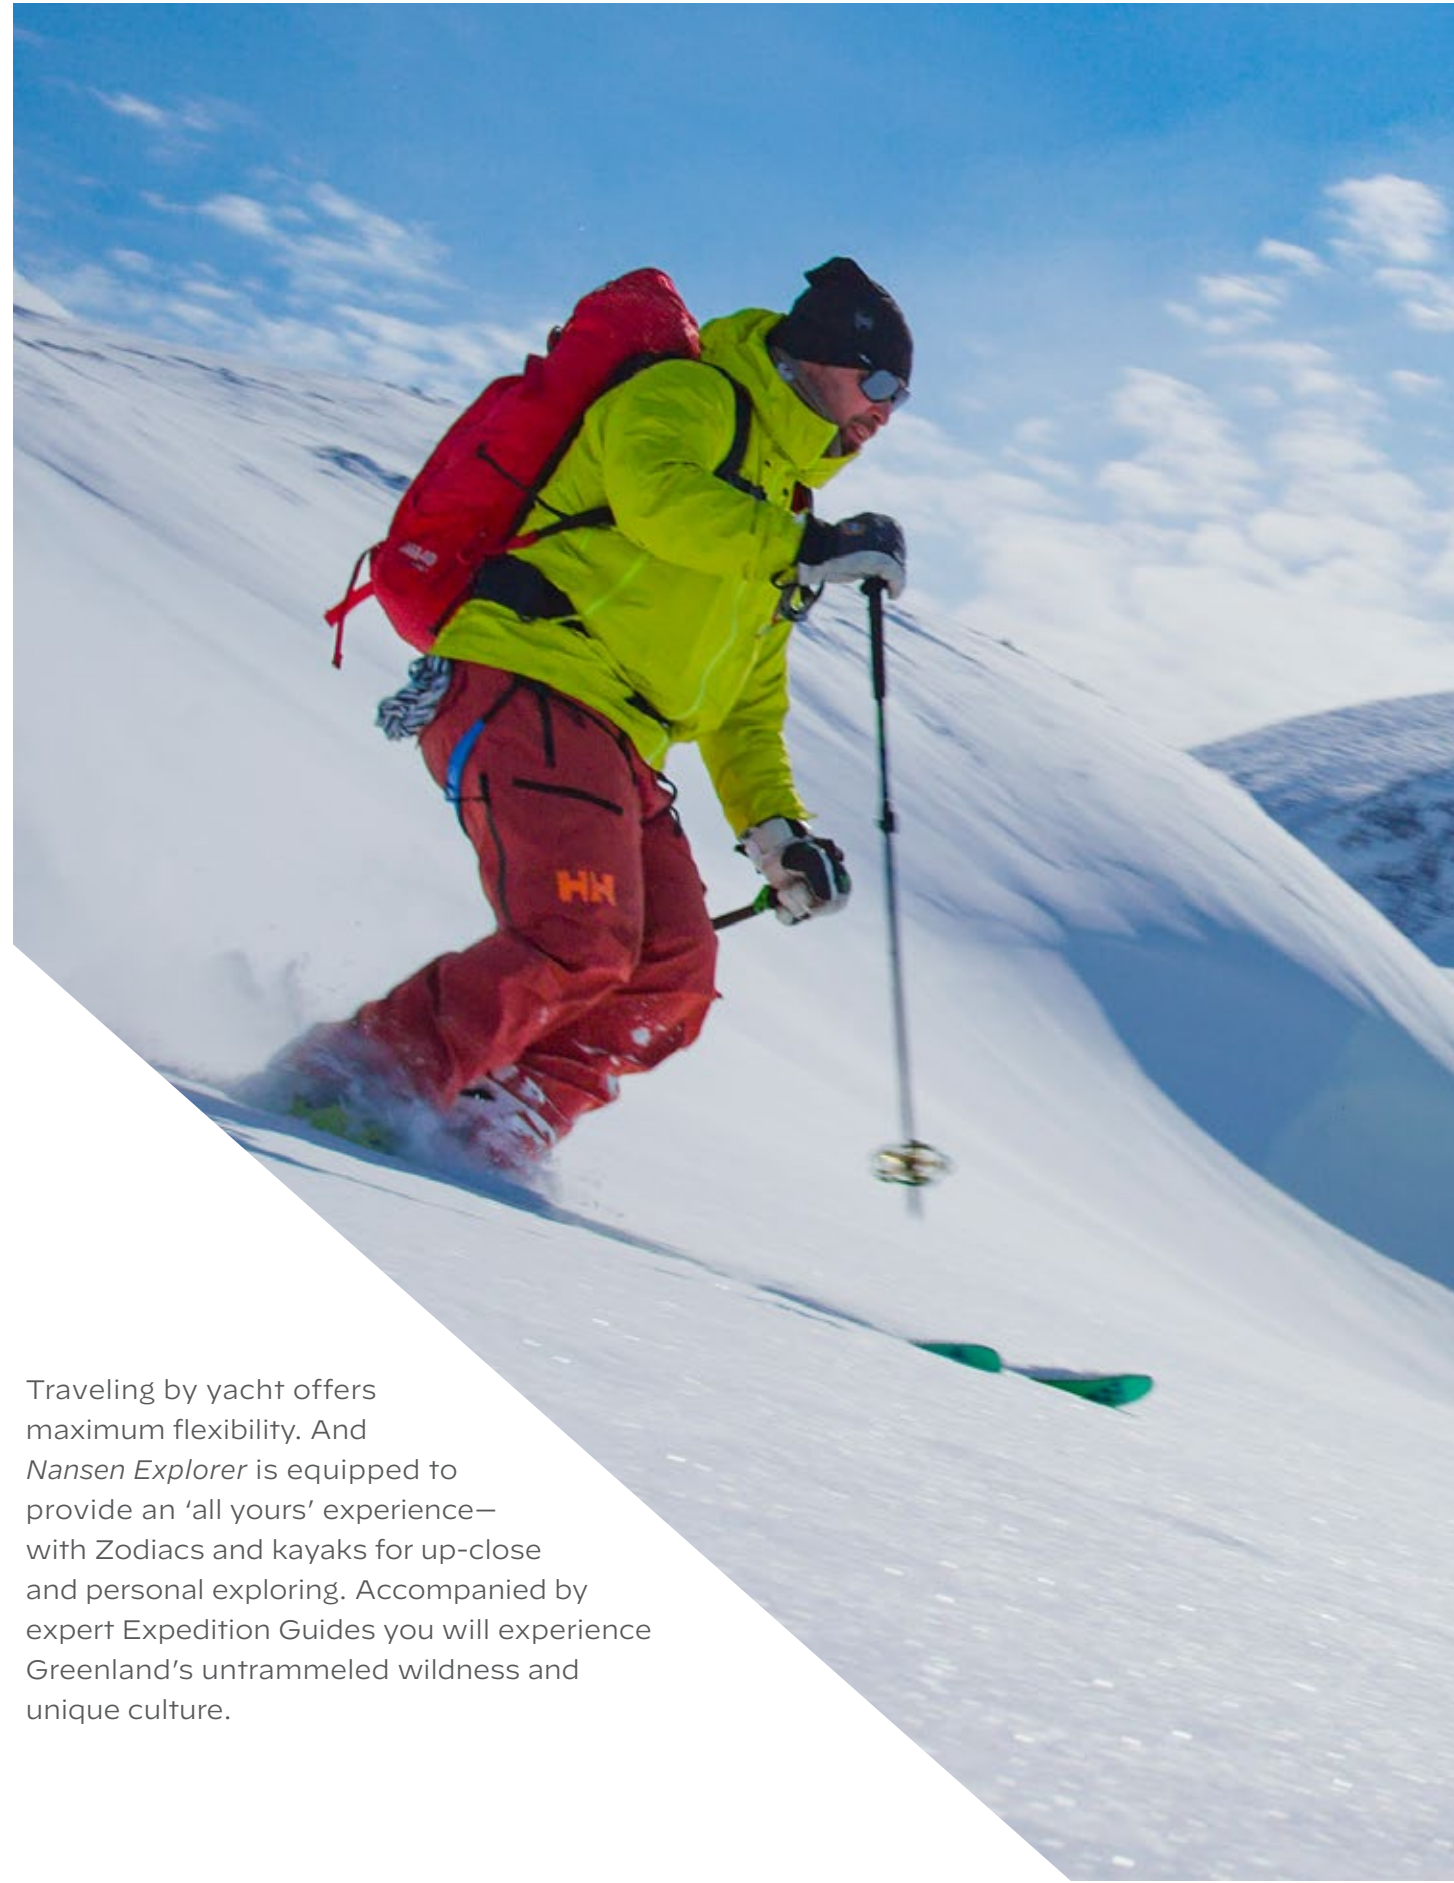

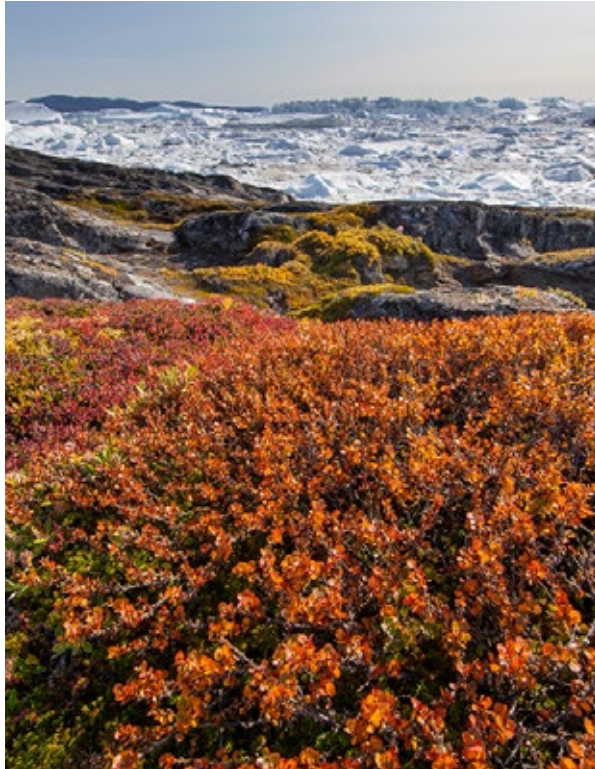

Our helicopter will be a Eurocopter AS350 (Airbus Helicopters H-125), the preferred model for heli-ski operations worldwide, specially equipped for overwater and wilderness operations, flown by a highly experienced Arctic mountain pilot.

There will be a maximum of 12 skiers in 3 helicopter groups, allowing for rapid lifts and movement between ski areas. Should weather conditions not permit heli-ski operations, alternative activities will be offered including ski touring, kayaking, whale watching, hiking, or landings to visit towns or villages. For specific information about flying hours and inclusions, please review the Helicopter Use information on page 21.

Ski every day possible on your expedition.
Or take some time to explore your surroundings.
Or both! A yacht expedition offers maximum flexibility. And *Nansen Explorer* is well-equipped to support your desire to immerse in West Greenland's splendid facets.

- › Zodiac cruise and make landings
- › Ski tour (if weather doesn't allow for heli-skiing)
- › Spot musk oxen, caribou, gyrfalcons; and observe whales feeding in the surrounding waters
- › Flight-see over glaciers
- › Kayak or stand-up paddleboard protected coves and inlets
- › Explore colorful coastal villages; see a remarkable way of life

Traveling by yacht offers maximum flexibility. And *Nansen Explorer* is equipped to provide an 'all yours' experience—with Zodiacs and kayaks for up-close and personal exploring. Accompanied by expert Expedition Guides you will experience Greenland's untrammled wildness and unique culture.

Meals are a quintessential highlight of the expedition experience. *Nansen Explorer's* chefs hail from all over the world and prepare unparalleled, innovative 5-star meals each day—gourmet, healthy cuisine to fuel your journey.

INCLUDED AND NOT INCLUDED :

Costs included: All accommodations aboard the vessel; all meals, non-alcoholic beverages, and standard alcoholic beverages aboard the vessel from lunch on April 20 through breakfast on April 27; Heli-ski program based on 6 skiing days, including services of mountain guides and helicopter with 6 hours per person of flying time (no refunds for unused hours); personal safety equipment; shore excursions; access fees and special access permits; use of the vessel's kayaks and tenders; transfers between the airport and the vessel in Sisimiut on April 20 in Ilulissat on April 27; personal laundry onboard; taxes and service charges; internet service (note: internet service may be unstable at times due to weather conditions, technical challenges caused by the location of the vessel and/or technical issues by the service provider); services of the expedition guides.

Costs not included: Air transportation; passport, visa and immigration fees; helicopter flying time in excess of 6 hours; vaccinations and/or COVID-19 tests required for travel; meals not indicated; travel protection plan; top shelf alcoholic beverages and items of a personal nature such as satellite phone calls. Gratuities to ship's crew and the expedition guides are at your discretion.

Airfare: Airfare to and from your home to Sisimiut and from Ilulissat is not included.

Helicopter use: 6 hours of flying time per person is included in the package based on our previous experience of required flying hours to operate six full days of skiing from the vessel during the week if conditions permit. However, if we have exceptional weather and the opportunity to fly more than the budgeted hours, you will be given the opportunity to purchase additional helicopter hours at a rate of approximately USD 5,500 per hour (divided by up to 4, depending on how many skiers take this option). This option is subject to conditions and pilot duty hours.

TERMS AND CONDITIONS :

Reservations: To reserve your place, an advance payment of 50% of the voyage price is required. The advance payment must be paid within seven (7) days of receiving the invoice for the reservation. Payment must be made by wire transfer to the account on the invoice. Your initial payment indicates your acceptance of our complete Terms and Conditions. We require written notice at the time of reservation of any physical conditions, diet or treatment requiring special attention.

Final Payment: Final payment is due 60 days prior to departure. If final payment is not received on time, confirmed reservations will be cancelled, with rebooking subject to space availability.

Travel Insurance: We strongly recommend that you purchase travel and cancellation insurance, including medical evacuation coverage, to protect your investment in the event of unexpected or unforeseen circumstances.

Smoking Policy: Smoking is allowed only in the designated outdoor areas.

Responsibility And Other Terms & Conditions: Among other things, limitations of EYOS Expeditions' and Nansen Explorer AS's liability for loss of property, injury, illness or death during the voyage will be provided to all guests on the ship's ticket sent prior to departure. A copy of the ship's ticket is also available upon request. By registering for the trip, the guest agrees to all such terms and conditions.

CANCELLATION POLICY :

- More than 60 days prior to departure, the full amount of the advance payment is non-refundable.
- At 60 days or fewer prior to departure 100% of the full fare is non-refundable.

SOUTH GEORGIA EXPEDITION

ABOARD NANSEN EXPLORER

OCTOBER 26 - NOVEMBER 9, 2024

NANSEN EXPLORER

Originally designed as an Arctic research vessel, *MV Nansen Explorer* is now an industry first, bridging the gap between super yacht and expedition ship. With an Ice-1A class hull, *Nansen Explorer* can venture deeper into polar ice than other yachts. Her rugged exteriors, like the badges on a polar explorer's parka, are her bona fides. And following her extensive 2021 refit, calibrated to please the most discerning of clients, her refined interiors reveal a yacht soul.

Equipped with an expansive heli-deck, onboard refuelling capabilities, plus Mk V Zodiacs, kayaks, and SUPs, Nansen Explorer offers ample opportunities to explore with your expert expedition team. And among her amenities: a lower-level gym; and the Bridge above, where her officers welcome guests.

Nansen Explorer's retrofit opened up the interior of the ship, transforming a warren of rooms into generously proportioned, gracious common areas and only 7 cabins. Luminous, with expansive windows fostering a connection to the views outside, the interior design is inspired by the polar palette: the slate grey of Arctic waters. The pewter of whales. The grounding browns of ancient bedrock. And the tawny gold of sunsets on soaring peaks.

Elegantly appointed in a simple Scandinavian style, her lounge is welcoming and relaxing. And each day her dining room, where the expert culinary team offers a varied menu and superb cuisine, sets the scene for camaraderie and congenial conversation.

Nansen Explorer offers the figurative warmth of a fireplace to spark companionship; coppery shades of cognac and whiskey; plus, brown greys the color of muskox down, warmer even than cashmere.

Traveling by yacht offers maximum flexibility. And Nansen Explorer is equipped to provide an 'all yours' experience—with Zodiacs and kayaks for up-close and personal exploring. Accompanied by expert Expedition Guides and top photographers you will experience untrammled wildness and unequalled photo ops.

The handpicked crew selected to run MV *Nansen Explorer* has decades of experience within the polar expedition world and superyacht industry. The EYOS shoreside team provides seamless logistics and support. And the onboard crew—a Captain and three deck officers, for continuous navigation; two chefs, four stewardesses, and two Expedition Guides— provides the service, expertise, and location knowledge to enhance your wild, remote adventure.

DAISY GILARDINI is a conservation photographer who specializes in the polar regions, with a particular emphasis on Antarctic wildlife. She fell in love with Antarctica during her first trip there in 1997 and she is now a Greenpeace Antarctic Ambassador. In 24 years of polar exploration, she has joined more than 90 expeditions to Antarctica and the Arctic. Among her accomplishments, she has skied the final degree to the North Pole and almost fully circumnavigated both the Arctic and Antarctic. She is a member of the International League of Conservation Photographers (ILCP), a fellow of the New York-based Explorers Club, member of the Royal Canadian Geographical Society, photographer in residence with Canadian Geographic and a regular contributor to National Geographic. Daisy is from Switzerland originally, and is now based in Vancouver, Canada. She speaks Italian, English and French.

AUDUN LIE DAHL was born and raised on the island of Smøla on the west coast of Norway, growing up on the sea with a passion for the outdoors. Today, he is the Co-founder and CEO of Nansen Polar Expeditions and a renowned wildlife photographer. Since 2010, Audun has been designing and leading expeditions worldwide, focusing on Svalbard, Arctic Norway and Antarctica. His camera was with him everywhere he went, and his images have earned him accolades and awards, including GDT European Wildlife Photographer of the Year, NHM Wildlife Photographer of the Year, and Nature's Best. Sharing his passion for the polar regions is what Audun enjoys most. He is generous as well as knowledgeable and willing to share tips, tricks and personal secrets with guests who share his passion for image-making.

ACCOMMODATIONS

Originally designed to carry 60 passengers, *Nansen Explorer* now carries only 12 guests in modern, spacious cabins, refined in a simple Scandinavian style. Generous floor to ceiling windows frame beautiful views, fostering a connection to the world outside the yacht. And soft textures, crisp linens and deluxe bedding restore body and soul.

Prices from EU 30,000 / head (based on two guests sharing a cabin).

INCLUDED AND NOT INCLUDED :

Costs included: All accommodations aboard the vessel; all meals, non-alcoholic beverages, and standard alcoholic beverages aboard the vessel from lunch on October 26 through breakfast on November 9; shore excursions; access fees and special access permits; use of the vessel's kayaks and tenders; transfers between the airport at Port Stanley, Falkland Islands and the vessel on October 26 and November 9; personal laundry onboard; taxes and service charges; internet service (note: internet service may be unstable at times due to weather conditions, technical challenges caused by the location of the vessel and/or technical issues by the service provider); services of the expedition staff.

Costs not included: Air transportation; passport, visa and immigration fees; vaccinations and/or COVID-19 tests required for travel; meals not indicated; travel protection plan; top shelf alcoholic beverages and items of a personal nature such as satellite phone calls. Gratuities to ship's crew and the expedition staff are at your discretion. **Airfare:** Airfare to and from your home to Port Stanley, Falkland Islands is not included.

TERMS AND CONDITIONS :

Reservations: To reserve your place, an advance payment of 50% of the voyage price is required. The advance payment must be paid within seven (7) days of receiving the invoice for the reservation. Payment must be made by wire transfer to the account on the invoice. Your initial payment indicates your acceptance of our complete Terms and Conditions. We require written notice at the time of reservation of any physical conditions, diet or treatment requiring special attention.

Final Payment: Final payment is due 90 days prior to departure. If final payment is not received on time, confirmed reservations will be cancelled, with rebooking subject to space availability.

Vaccination Status: All guests must be fully vaccinated (defined as two weeks or more from the final shot in an approved vaccination plan).

Travel Insurance: We strongly recommend that you purchase travel and cancellation insurance, including medical evacuation coverage, to protect your investment in the event of unexpected or unforeseen circumstances.

Smoking Policy: Smoking is allowed only in the designated outdoor areas.

Responsibility And Other Terms & Conditions: Among other things, limitations of EYOS Expeditions Ltd's and Nansen Explorer AS's liability for loss of property, injury, illness or death during the voyage will be provided to all guests on the ship's ticket sent prior to departure. A copy of the ship's ticket is also available upon request. By registering for the trip, the guest agrees to all such terms and conditions.

CANCELLATION POLICY :

- 50% of the advance payment that is made to secure the reservation is non-refundable.
- 120 to 91 days prior to departure the full amount of the advance payment is non-refundable.
- At 90 days or fewer prior to the departure, 100% of the full fare is non-refundable.
