True Adventure Starts at the End of the Earth

It began as a whisper, a voice as soft as untouched snow. The ice called out, summoning us from across the seas, down to the bottom of the world.

We are explorers, shaped by countless horizons, cultures, and experiences. Always searching.

In Antarctica, we found ourselves standing where silence is profound, in a kingdom sculpted from ice and snow. All around us, wildlife thrived - whales exhaled, penguins shuffled and seals frolicked. In this place we were totally free, feeling small under a sky so wide it seemed to swallow us whole.

But we were not alone. There was the warmth of our fellow explorers who shared this journey and the same spirit of adventure, and the camaraderie of our guides who did much more than show us this place: they shared its secrets.

We recognised how privileged we were to be here bonding through these special moments, and forever grateful and inspired by this frozen paradise, which had ignited something in us all.

Protecting the World's Wild Places

We recognise that by taking passengers to some of the world's most fragile and untouched ecosystems, we have a responsibility to inspire, educate and advocate for the protection and preservation of the places we visit.

Please note that objects and wildlife may appear closer than they actually are due to photographic zoom and camera lenses.

Our Journey

When legendary Australian mountain climber Greg Mortimer and his adventurer wife, Margaret, first charted a course to Antarctica over 30 years ago, they got goosebumps. But not from the cold.

Their sense of wonder was jolted awake by the vast natural beauty that dwarfed them at every turn – from monolithic icebergs, endless white deserts, and even volcanoes, rising from the icy surface – to colonies containing thousands of penguins.

They found it unbelievable that outside of a small community of scientists and explorers, few had ventured to this pristine glacial paradise.

Nor could they fathom that this first voyage would lead to a lifelong passion for bringing other like-minded travellers to the world's most stunningly remote natural environments.

Founded in 1991, AE Expeditions (part of Aurora Expeditions) was born from the belief that travel is a powerful tool for positive change. By fostering a deep appreciation and respect for our remarkable destinations, we create avid ambassadors for their protection and preservation.

Today, we are an award-winning pioneer in responsible small-ship exploration travel, a Certified B Corporation™ and proudly carbon-neutral.

Should your next journey be with us, we promise an immersive, inspirational and profound experience – regardless of which corner of this incredible planet we explore together.

What Sets Us Apart

Since the start, it's been our ideals that make us exceptional. In 1991 we set out to forge a unique niche, curating unforgettable trips to the world's natural, cultural and ancient wonders. Our intimate ships carry no more than 130 expeditioners, fostering camaraderie and easy friendships. Plus, they're able to reach environments larger vessels can't. We're proud to be a Certified B Corporation™, offering immersive activities, more time off-ship, and thoughtful enrichment programs as we explore our planet responsibly.

For Us, Recognition is Motivation

Winning awards is an honour and for us, much more. At AE Expeditions, we continue to be recognised as an industry leader in exploration travel by many prominent organisations and publications. Each award serves to reinforce the values that brought us here, and challenges us to set our bar of excellence higher, constantly improving for staff, travellers, and our world alike.

Our Commitment to This Incredible Planet

Responsible travel has remained at the heart of our business from the start. As a Certified B Corporation™, we proudly join a global movement of companies that meet rigorous standards of social and environmental impact, transparency, and accountability. This certification represents more than just a milestone; it's a testament to our ongoing commitment to doing business responsibly, guided by principles that prioritise people and the planet.

The B in B Corp stands for 'Benefit for all'. We strive to deliver voyages that have a minimal footprint while creating a positive impact on the extraordinary places we visit. From achieving carbon neutrality in 2021 to publishing our inaugural Impact Report in 2023, our journey reflects our dedication to the protection, regeneration and appreciation of Earth's natural wonders.

Path to Net Zero

We are proud to be carbon-neutral, offsetting 100 per cent of our greenhouse gas emissions. With full recognition that this is only our first step towards net zero, we also take meaningful climate action by tracking, measuring, and reducing emissions across our operations and supply chain.

Resource Conservation and Circularity

Our focus is on responsible procurement, working with suppliers that align with our values. We also work to reduce waste and pollution by considering carefully the life cycles of the materials we use. For our vessels, we purchase products in bulk and use reusable products whenever possible.

Protecting and Preserving Ecosystems

It's a privilege to take travellers to the world's most fragile and untouched ecosystems. We recognise our responsibility to inspire, educate and advocate for the protection and preservation of the environments we visit. And we are committed to the regeneration of wilderness around the world. We were among the first members of AECO and IAATO, participating in clean-ups globally, and generating awareness to the importance of keeping our oceans and landscapes clean.

Inspiring Through Science and Education

In our eyes, travel is the best educator. Learning alongside our onboard experts and ambassadors affords countless opportunities to form deep connections with the incredible places we visit. Passengers are able to contribute meaningfully by participating in real scientific research through our Citizen Science Program.

Community Engagement and Shared Values

Fostering meaningful bonds with communities is vital. We proudly welcome members of the Inuit community on board select voyages to Greenland and the Northwest Passage. And across the globe we celebrate the authentic flavours of our destinations by serving meals with ingredients sourced from local producers dedicated to natural and ethical farming.

Get Your Bearings

Antarctica is the world's southernmost continent. It's also the highest, driest, windiest, coldest, and iciest continent, with 98 per cent of its landmass covered in thick ice. But it's a land full of adventure, raw natural beauty, and moments that will leave you inspired and changed forever.

You're in Expert Hands

When you journey with AE Expeditions, you'll embark on the adventure of your life alongside an Expedition Team with a lifetime of experience.

With over 100 years of combined experience in the field, our team's knowledge, passion and dedication to exploratory travel is unparalleled. Few on earth are more qualified to help you to push your boundaries and immerse yourself in some of the most breathtaking locations on the planet.

Learn from some of the greatest minds and specialists – naturalists, marine biologists, geologists, historians, ecologists, glaciologists, ornithologists, climatologists, and many more.

With our small-group approach to big adventures, we offer a high ratio of Expedition Team members to Expeditioners (approximately one to seven), and safety is our highest priority.

Going Solo

There's nothing like the freedom of solo travel. With AE Expeditions you can set off on your own terms, discovering the world's most remote and majestic destinations with a community of like-minded travellers and Expert Guides.

Our small, intimate ships foster easy connections. And our landings and activities are conducted in small groups, allowing you to explore at your own pace, or surround yourself with others who share your passion for nature and discovery.

Go Solo and Save

Right now, solo expedition travel is more accessible than ever. With the single supplement removed on select 2026/2027 Antarctic voyages, this is the perfect time to embark on the adventure of a lifetime.

Activities That Put You in the Action

The real adventure happens off-ship. Our expeditions are all about maximising opportunities for you to get out and explore our destinations hands-on.

We offer a highly comprehensive activity program, led by experienced Activity Specialists who are dedicated to making each experience action-packed and immersive in the natural environment.

Some activities are included in your expedition, while others are optional and cost extra. Select activities need to be booked in advance.

There are activity options for everyone, regardless of experience or skill level. And there is always the opportunity to try something new. How you experience each destination is entirely up to you.*

**All our landings, adventures and activities are subject to weather conditions, and activity options do vary by itinerary.*

As you discover picturesque vistas and unforgettable wildlife, you'll also gain in-depth insights into the nature, culture and history of the surrounding landscapes.

Whether you're enjoying a guided hike, Zodiac cruise, special activity or joining the team in the lecture theatre, our Expedition Team offers educational and entertaining presentations in the fields of glaciology, biology, geology, birding, local culture, history, photography and so much more.

Special Guests

In addition to our experienced Expedition Team, we're pleased to welcome a range of special guests across our upcoming Antarctic expeditions – experts in the fields of photography, art and conservation, to name a few. Our special guests aim to enrich your adventure by sharing their unique perspectives, insights and experiences.

Our goal is to leave you inspired by and invested in the environments, wildlife and people you encounter on your expedition. In the end we hope you are richer in knowledge and understanding of our planet than you were when you stepped on board.

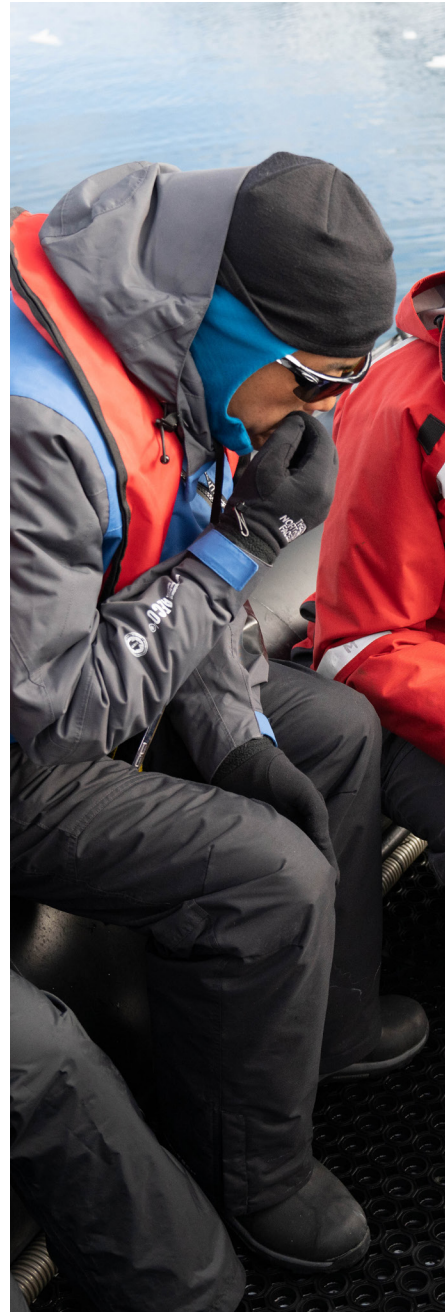

Citizen Science

Our Citizen Science Program will allow you to deepen your connection to the natural world by making a difference in the field, alongside our experts. Your participation enables us to help provide invaluable data to the scientific community. You too can become an ambassador for the protection of our majestic but fragile blue planet, by sharing what you have learned when you return home.

From the biggest mammals to the smallest marine creatures, the important part you play in our Citizen Science projects will help protect and preserve the planet for generations to come.

"Our goal is literally to inspire a network of hope – one place, one community, one vision at a time – but together around the world."

— Dr Sylvia Earle, oceanographer, marine biologist and explorer

Ross Sea & East Antarctica

From Australia & New Zealand

Explore the region that boasts the world's largest floating body of ice (the spectacular Ross Ice Shelf) and the largest Adélie penguin colony. Follow in the wake of legendary adventurers, to discover historical huts and hear extraordinary tales of endurance as you relive the Heroic Age of Exploration.

Ross Ice Shelf, Antarctica

Mawson's Antarctica

Antarctica & Subantarctic Islands | 24 Days

Retrace the historic voyage of Sir Douglas Mawson's Australasian Antarctic Expedition (AAE) and experience the grandeur of remote East Antarctica. Cross the Antarctic Circle towards Commonwealth Bay and the fabled Cape Denison. Conditions permitting, make landfall to explore what remains of Mawson's main base, and find yourself transported back to the Heroic Age of Antarctic Exploration. Keep watch for porpoising Adélie and emperor penguins, orcas patrolling for prey, and snow petrels soaring against the backdrop of the vast ice sheet.

HIGHLIGHTS

- Navigate through gleaming pack ice alive with Weddell and leopard seals, Adélie and emperor penguins
- Discover historic Commonwealth Bay as we attempt to make a rare and much-coveted landing at Cape Denison, the site of Mawson's Huts (ice and weather permitting)
- Skirt rowdy beaches crowded with harems of New Zealand Hooker's sea lions to reach gnarled rātā forests, where rare yellow-eyed penguins can be found

OVERVIEW

1	Arrive in Hobart and transfer to your hotel.
2	Embark in Hobart.
3-5	At sea.
6-7	Macquarie Island is a remote subantarctic wonder teeming with unique wildlife and rugged landscapes. It is renowned as one of the most important seabird breeding sites in the world, with vast colonies of penguins, albatrosses, petrels, and other species congregating on its rocky shores. (Visit subject to permits.)
8-10	At sea.
11-13	When Captain John King Davis skilfully steered the <i>Aurora</i> through heavy pack ice in 1912, the Australasian Antarctic Expedition became the first to chart this stretch of coastline. As you sail into these waters over a century later, you are entering one of the most inaccessible and seldom-visited parts of Antarctica.
14-15	For many Expeditioners, approaching Commonwealth Bay, where Mawson and his men established their main base, evokes a profound sense of awe and humility.
16-19	At sea.
20-22	As we explore the New Zealand Subantarctic Islands, you will witness an ecosystem to an ecosystem populated by unique endemic species such as the yellow-eyed penguin and Campbell Island mollymawk.
23	At sea.
24	Disembark in Dunedin.

Adélie penguins at Cape Adare, Antarctica

Ross Sea Odyssey

Antarctica & Subantarctic Islands | From 25 Days

Step back into the Heroic Age of Antarctic Exploration to discover a wildlife wonderland. As you journey south, spot yellow-eyed penguins and royal albatrosses on New Zealand's Auckland Islands and Campbell Islands. Crossing the Antarctic Convergence, enter pack ice alive with orcas, seals and emperor penguins. Our expedition days within the Ross Sea offer icy drama, rich wildlife experiences and extraordinary stories of human exploration and survival. These are indeed historic waters. Hear stories of the expeditions and explorers of the Heroic Age.

HIGHLIGHTS

- Explore the world's largest body of floating ice, the Ross Ice Shelf, rising 30 metres from freezing waters patrolled by pods of orca
- Navigate through gleaming pack ice alive with Weddell and leopard seals, Adélie and emperor penguins, and whales feeding in fathomless depths
- Reflect on the remarkable achievements of the Heroic Age explorers, as we attempt to visit some of their beautifully preserved historic huts (conditions permitting)

Subantarctic Discovery

Australia & New Zealand (Aotearoa) Subantarctic Islands | 15 Days

Perched on the Antarctic Convergence, Australia and New Zealand's Subantarctic Islands are home to some of the most abundant and unique wildlife on earth. New Zealand's Auckland Islands and Campbell Islands are home to the yellow-eyed penguin, sea lion harems and courting southern royal albatross. Experience the humbling majesty of Fiordland's deep sounds, and Zodiac-cruise the craggy coast of the Snares Islands, breeding grounds for the rare Snares crested penguin and Buller's albatross.

HIGHLIGHTS

- Explore the seldom-visited islands of the antipodean subantarctic, a sanctuary for millions of breeding albatrosses, penguins and seals
- Discover the delicate ecosystem of Campbell Island (Motu Ihupuku), where royal albatross nest amid fields of flowering megaherbs
- Skirt rowdy beaches crowded with harems of New Zealand (Hooker's) sea lions to reach rātā forests where rare yellow-eyed penguins can be found

Epic Antarctica: Crossing the 7th Continent

New Zealand Subantarctic Islands, Ross Sea, Antarctic Peninsula, Antarctic Circle | 34 Days

Calling all pioneers, history buffs and adventure lovers for an epic adventure across the southern seas. Follow in the footsteps of explorers such as Scott, Ross, Amundsen, and Shackleton, and embark on a journey very few people on this planet have made. Sail beyond the Antarctic Circle, uncover wonders of the Ross Sea, explore the Antarctic Peninsula and the incredible sights in between! This is a once-in-a-lifetime opportunity to witness the beauty and majesty of this remote and pristine environment.

HIGHLIGHTS

- Learn more about the impressive Ross Ice Shelf, the largest ice shelf in the world (roughly the size of France)
- Follow the trails of pioneers and traverse the Antarctic coastline from the Ross Sea to the Antarctic Peninsula
- Bear witness to a vast array of wildlife, including numerous penguin species, on our most epic voyage yet

Antarctic Peninsula

Jagged peaks and mountain ranges offer breathtaking backdrops as you embark on an adventure among iconic antarctic wildlife, surrounded by numerous species of seals, penguins and whales. Set foot on the epic seventh continent, cruise past tabular icebergs and visit historical sites – including the southernmost post office in the world.

"My wife and I both agreed we had the greatest holiday of our lives in Antarctica with AE Expeditions. Whether it was whale watching from the Zodiacs, visiting penguin colonies or marvelling at the shapes of floating icebergs... it was only made better by the comforts on board, the service of the staff and the camaraderie of the passengers and crew. What an unforgettable experience!"

Spirit of Antarctica

Antarctic Peninsula | 12 Days

Embrace the spirit of polar exploration on this classic expedition to the white continent. Sail across the famed Drake Passage in both directions, admiring spectacular seabirds and approaching Antarctica as the explorers of old did – by sea. Search for wildlife on a Zodiac cruise, aim to set foot on the continent, participate in your selected adventure activity and perhaps camp under pastel polar skies. This is the quintessential Antarctic voyage for adventure lovers.

HIGHLIGHTS

- Hone your ice and wildlife photography skills
- Search for orca and minke whales in the icy bays
- Observe busy penguin colonies building their nests and perhaps catch a glimpse of penguin chicks as they hatch
- Join the exclusive polar plunge club and jump into the beautiful Antarctic waters

Across the Antarctic Circle

Antarctic Peninsula, Antarctic Circle | 13 Days

Venturing below the Antarctic Circle is about more than just earning bragging rights. It is the chance to enter a different world that is rarely seen, and with its great swathes of pack ice and dreamlike icebergs, it feels more isolated and colder than farther north. Thread through narrow channels where scenes of ice-clad mountains, whales feeding and lively penguin colonies, become lasting memories.

HIGHLIGHTS

- Experience a toast at the Antarctic Circle, 66°33' S (conditions permitting)
- Enjoy a splendour of wildlife activity as birds, seals and whales race to fatten up for winter
- Visit fascinating historical sites
- Zodiac-cruise with the hope of spotting leopard and crabeater seals

Antarctic Peninsula: Fly the Drake

Antarctic Peninsula | From 10 Days

Separating South America from the Antarctic Peninsula, the Drake Passage tests the skills of the most experienced navigators. On this voyage, avoid sailing the notoriously choppy passage by flying over it in both directions – a great way to reach the white continent if you are prone to seasickness. In the safe hands of experienced pilots, your pulse will quicken as you glimpse your first icebergs in the Southern Ocean, where your vessel awaits, ready to take you on an exhilarating adventure.

HIGHLIGHTS

- Soar over the Drake Passage in both directions, soaking in the splendour of the icy scenery below
- Enjoy lengthy daylight hours as the sun barely dips below the horizon, giving you more time to explore
- See fluffy juvenile penguins preparing for independence

Add Ushuaia City Stay

The southernmost city in the world and the main gateway to Antarctica, Ushuaia is the ideal place to extend your stay. Explore Tierra del Fuego National Park, where lakes, lagoons and rivers flow into the Beagle Channel. Hike from Roca Lake to Lapataia Bay with views of Condor Mountain along the way.

OVERVIEW

1 Arrive in Ushuaia and transfer to your hotel.

2 Embark in Ushuaia.

3–4 Cross the Drake Passage to the Antarctic Peninsula.

5–7 Experience the breathtaking landscapes and great wilderness of Antarctica. Nature will dictate our adventures, offering a daily dose of spontaneity and surprise. Our experienced Expedition Team will curate each day's activities, adapting to the ever-changing weather and sea ice conditions. Prepare for thrilling encounters as you glide past majestic ice cliffs, immerse yourself in the symphony of cracking ice, and keep an eye out for seals lounging on the ice. Humpback whales are peaking in numbers at this time of year, and you may see penguin chicks heading out for their first swim. While ashore, you can take a leisurely walk along the beach or stand quietly watching the wildlife as it passes by. Embrace the spirit of adventure and let the magic of Antarctica unfold before you.

8–9 Return sailing across the Drake Passage to Ushuaia.

10 Disembark in Ushuaia.

Wild Antarctica featuring the Weddell Sea

Fly/Sail Voyage, Antarctic Peninsula & Weddell Sea | 13 Days

Famed for its tremendous tabular icebergs, year-round sea ice, fascinating fossils and the pivotal role it played in Shackleton's *Endurance* expedition, the Weddell Sea offers unsurpassed opportunities for exploration. Embark on a true Antarctic expedition as we not only explore the western side of the Antarctic Peninsula, but also attempt to venture east towards the icy perimeter of the Weddell Sea, which is often guarded by impenetrable pack ice and home to awe-inspiring tabular icebergs.

HIGHLIGHTS

- Be awed by the array of wildlife that play and hunt in the Antarctic Sound
- Marvel at gigantic tabular icebergs in the Weddell Sea
- Learn about the incredible fossil-rich volcanic islands from our onboard experts

Add Buenos Aires & Iguazu Falls Explorer

Combining time exploring the metropolitan culture of Buenos Aires and the extraordinary natural wonder of Iguazu Falls, this is the ideal package to enhance your adventure after your Antarctic voyage.

OVERVIEW

- 1 Arrive in Punta Arenas and transfer to your hotel.
- 2 Fly* to King George Island for embarkation.

In the days ahead, immerse yourself in the unforgettable landscapes of the white continent. From the South Shetland Islands, sail across the Bransfield Strait to the small group of islands that collectively form the Antarctic Sound. The other-worldly landscape of the Antarctic Sound is also known as 'Iceberg Alley'. If sea ice conditions allow, venture east into the Weddell Sea, known for its impressive sea ice and large icebergs. Feel your pulse quicken as vast tabular icebergs pass close by. We aim to land on fossil-rich islands for exploration and to hear from our expert Expedition Specialists. Roam the shoreline near where Adélie, gentoo and chinstrap penguins waddle, and delight in their charismatic antics. Zodiac-cruise in search of seals, whales and their calves. We aim to land on the Antarctic continent and the many islands surrounding the peninsula, to visit historical sites and to experience the unforgettable landscape up close.

- 11–12 Sail the Drake Passage.
- 13 Disembark in Ushuaia.

Special Edition Expeditions

We're pleased to present a collection of Special Edition Expeditions focusing on a variety of unique themes and interests. Each expedition has been specially designed to offer unique insights and perspectives as you explore the calving glaciers and iridescent icebergs of Antarctica, from a focus on photography, activities and science, to our all-new Women-Only Voyages.

In This Collection...

Photography Expeditions

Embark on our Photography Expeditions where you'll capture the world's wonders, alongside some of the finest photographers on the planet. Our photographers will teach you the tricks of the trade, whether you're wielding professional gear or snapping shots on your smartphone. Enjoy extended opportunities for breathtaking shots, from specially designed Zodiac cruises to immersive onshore excursions, where every moment becomes an invitation to create. Our multiple award-winning photographers will inspire you with their passion, sharing their insights through onboard presentations and off-ship guidance.

Activity-Inclusive Expeditions

Experience the wonders of Antarctica on a deeper level, on our activity-packed sailings. These expeditions are designed to put you in the action, with a suite of all-inclusive activity options. Sample our paddling, camping, snowshoeing and snorkelling activities – experiencing nature and the stunning surroundings from a completely different perspective. These expeditions offer more ways to immerse yourself in the majestic scenery, more chances for unexpected discoveries and more moments to stir the soul.

Women's-Only Voyages

These expeditions are crafted for adventurous women who share a passion for exploration and a desire to connect with like-minded travellers. Aboard our intimate small ships, with no more than 130 expeditioners, you'll find a relaxed, friendly atmosphere that makes it easy to forge friendships and create lasting bonds. These special journeys, hosted on the *Sylvia Earle*, will be led by an all-women Expedition Leadership Team and enriched by an inspiring line-up of lecturers, special guests and speakers. Join a community of remarkable women, each bringing their own unique spirit to these unforgettable voyages of discovery and connection.

New Scientist Discovery Tours

New Scientist Discovery Tours is known for its amazing, science-filled tours, cruises and expeditions, all inspired by the journalism of *New Scientist*, the world's most popular weekly science and technology publication. Now, in partnership with AE Expeditions, New Scientist Discovery Tours is setting sail to the polar regions to provide breathtaking and illuminating travel experiences that combine the extraordinary natural surroundings with a focus on science and discovery. Enjoy a vibrant program of expert-led talks, workshops, shore visits and Zodiac cruises, covering topics from polar science (including glaciology and marine biology) to the big-picture questions about life, the universe, and what it means to be human. Designed for curious minds to travel with kindred spirits.

Join Alison George

Biologist and current Features Editor at New Scientist, Alison will be on board to provide fascinating insights.

Join Rowan Hooper

Podcast Editor at New Scientist and author in his own right, Rowan also holds a PhD in evolutionary biology.

Antarctica: Through the Lens

Photography Expedition, Antarctic Peninsula | 12 Days

Early Antarctic explorers returned from their voyages to the deep south with tales of a magnificent, ice-covered land teeming with life, and you'll have the opportunity to do the same AND capture it all on your camera. Immerse yourself in the unimaginable beauty of the Antarctic Peninsula, where vast glaciers tumble into the sea, penguins are dwarfed by soaring peaks, and humpback and minke whales feast on abundant krill. Zodiac-cruise in secluded bays and quiet coves filled with brash ice, keep a close watch for the tail flukes of whales as they take a deep dive, and find yourself surrounded by the world's greatest landscapes. This photography-focused voyage is an exceptional opportunity for all photographers, regardless of experience, to capture some of the wildest and most pristine locations in the world with expert guidance.

HIGHLIGHTS

- Photograph enormous glaciers and spectacularly shaped icebergs in various shades of blue
- Snap a shot of the tail flukes of whales as they take a deep dive
- Observe porpoising penguins, and seals such as Weddell and crabeaters hauled out on ice floes
- Explore the dramatic landscapes of Antarctica side by side with some of the world's best photographers and enjoy an even more intimate experience

OVERVIEW

1 Arrive in Punta Arenas and transfer to your hotel.

2 Fly* to King George Island for embarkation.

3–9

Experience the awe-inspiring immensity of Antarctica, where the sheer magnitude of sea ice and icebergs surrounding the continent lends to some dramatic landscapes. Changing weather and ice conditions make every trip truly unique. Rest assured, our experienced Captain and Expedition Leader, with input from our group of expert photographers, will get you in optimal position to snap your subject matter. Wherever we may roam throughout this magnificent peninsula, the photographic opportunities are limitless. This stunning continent appeals to wildlife photographers and landscape photographers alike. Perhaps you'll home in on seals resting on the ice (possibly digesting their latest feed!), whales in their southern feeding grounds, or bustling penguin rookeries. Or perhaps you are drawn to the spectacular icy cliffs, or the intriguing historical relics scattered throughout the region. Shore excursions will offer a range of options, from hikes to high vantage points to wandering along pebbly beaches. Our photography workshops and lectures will help you expand your skills.

10–11

Photograph seabirds as they skim the waters on your return sailing across the Drake Passage to Ushuaia.

OVERVIEW

1 Arrive in Ushuaia and transfer to your hotel.

2 Embark in Ushuaia.

3–4 Drake Passage crossing.

5–11

The Antarctic Peninsula is a bustling metropolis of wildlife in late spring, but despite the frenetic pace of life for the locals, you have ample time to immerse yourself in the wonders of the surrounding environment. Over the course of this expedition, you will settle into the natural rhythm of life on the Antarctic Peninsula. Your experienced Expedition Team, who have made countless journeys to this area, will use their expertise to design your voyage from day to day, choosing the best options based on the prevailing weather and wildlife opportunities. With so many activities and excursions on offer, it may be hard to choose how you spend your days. Paddle across calm waters, don your snorkelling gear and take a peek under these waters, strap on your showshoes and hike to lookouts to photograph the magnificent scenery. Perhaps spend an overnight on shore for a deeper connection in the stillness of night. With extra time for exploration, we plan to show you our favourite spots across the peninsula and possibly discover new future favourites along the way.

12–13 Drake Passage crossing.

Spirit of Antarctica: In Partnership With New Scientist Discovery Tours

Antarctic Peninsula | 12 Days

**New
Scientist**
**Discovery
Tours**

Embark on an adventure to the Antarctic Peninsula with like-minded travellers (curious-minded, that is!), in partnership with New Scientist Discovery Tours. Embrace the spirit of polar exploration on this classic expedition to the white continent. During our crossings of the famed Drake Passage, enjoy educational lectures and workshops in our science centre, admire soaring seabirds, or perhaps just get to know your fellow seafarers and expert Expedition Team. Once you arrive on the white continent, you will be dazzled by icy landscapes and fascinating wildlife.

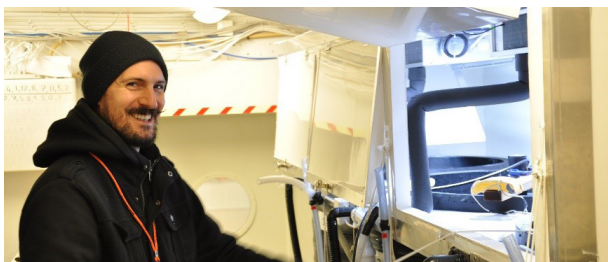

HIGHLIGHTS

- Gain a deeper understanding of Antarctica on this special departure
- Clear, pristine conditions allow for postcard-perfect photographs
- Observe busy penguin colonies building their nests and perhaps catch a glimpse of penguin chicks as they hatch
- Immerse yourself in polar science workshops with a marine biologist

OVERVIEW

1 Arrive in Ushuaia and transfer to your hotel.

2 Embark in Ushuaia.

3–4 Cross the Drake Passage to the Antarctic Peninsula.

Welcome to Antarctica, the largest wilderness area on earth. Only about two per cent of the total landmass is ice free (as mountains and coastlines), the rest being a vast permanent ice sheet. Immerse yourself in these unforgettable landscapes of Antarctica. With constantly changing weather and sea ice conditions, each day's activities offer an element of spontaneity and surprise. Our highly experienced Expedition Team will design each day's adventures based on what nature presents them. Sail or Zodiac-cruise past spectacular ice cliffs, hear the orchestra of the ice as it cracks, hisses and pops, visit bustling penguin rookeries, and observe seals on the ice, and whales in their southern feeding grounds. Discover historical sites and other intriguing relics scattered across the Antarctic Peninsula. Join the New Scientist Discovery Tours team for a series of talks and chats covering a broad range of polar science and the latest in global scientific discovery. Plus, enlightening and fun hands-on science workshops.

Wild Antarctica featuring the Weddell Sea: In Partnership With New Scientist

Fly/Sail Voyage, Antarctic Peninsula & Weddell Sea | 13 Days

The Weddell Sea is renowned for its vast amounts of ice – sea ice, pack ice and gigantic icebergs. It is the perfect setting for a voyage in partnership with New Scientist Discovery Tours. For those with an interest in history, the Weddell Sea was central to Ernest Shackleton's well-known expedition when the *Endurance* became trapped in the ice. In addition to ice-watching opportunities, the area is also rich in wildlife, geology, and palaeontology. We hope to see a variety of seals. On shore, you can search for ancient fossils of gastropods, large clams, and spiral-shaped ammonites.

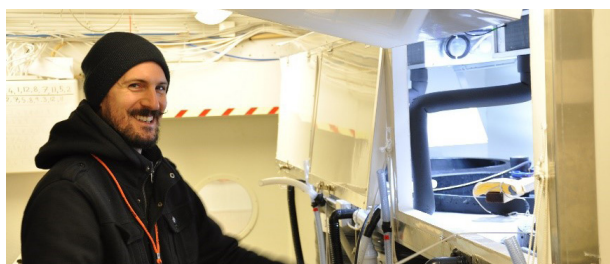

HIGHLIGHTS

- Be awestruck by the array of wildlife that hunt and play in the Antarctic Sound, as the humpback whale migration begins
- Marvel at gigantic tabular icebergs in the Weddell Sea
- Learn about the incredible fossil-rich volcanic islands from our onboard experts
- Hear tales of heroic exploration, tragedy and triumph in the Weddell region

3–10

In the days ahead, immerse yourself in the unforgettable landscapes of the white continent. On this voyage, we sail towards the gateway to the Weddell Sea – Antarctic Sound. With a well-deserved reputation as 'Iceberg Alley' where large icebergs try to escape the Weddell Sea through the sound, navigation can often be difficult. However, the rewards can be great. If sea ice conditions allow, venture into the Weddell Sea and feel your pulse quicken as vast tabular icebergs pass close by. Roam the shoreline where Adélie, gentoo and chinstrap penguins waddle, and delight in their charismatic antics. Zodiac-cruise in search of whales feeding before they begin their annual migration to warmer waters. Antarctic Women's Expedition: Fly the Drake

Women-Only Fly/Fly Voyage, Antarctic Peninsula | 10 Days

Embark on an Antarctic adventure with like-minded women, sailing on our small-ship expedition vessel the *Sylvia Earle*. This vessel pays tribute to Dr Sylvia Earle, an ambassador for conservation on the planet. In addition, the ship's decks celebrate six pioneering women in conservation and their incredible achievements and causes. We are proud to launch this new voyage, designed by women, led by women, for women. Travelling to Antarctica will open the door to new experiences, perhaps new challenges, and with the AE Expeditions-style of travel, new friendships too. Late summer is a great time to visit Antarctica, with active wildlife, melting ice, and generally good weather. Skuas, terns and a suite of petrels wheel against a backdrop of spectacular sunsets, as the days shorten and winter gradually approaches.

HIGHLIGHTS

- Observe the wildlife of Antarctica, with penguin chicks developing their adult plumage and learning to swim, leopard seals and orcas patrolling the waters, and increasing numbers of whales preparing for migration
- Enjoy a range of excursion options for all fitness levels and interests, from leisurely walks to strenuous hikes, Zodiac cruises and additional water-based activities, such as sea kayaking and polar snorkelling
- Soar over the Drake Passage, with our charter flights between Chile and Antarctica
- Celebrate women in conservation on board our *Sylvia Earle* expedition ship, with fellow female travellers

- 10 Transfer to the airport for your onward journey.

Led by Remarkable Women

AE Expeditions is proud to work with multiple women with many years of experience working in and exploring the polar regions. To celebrate these extraordinary pioneers, this voyage will feature women in the expedition leadership roles. You will be awestruck by their passion and knowledge, which they look forward to sharing with you.

South Georgia & Falklands~ Malvinas

Experience the greatest wildlife show on the planet on your expedition to South Georgia, with thousands of king penguins, seals and seabirds on display throughout the sandy beaches, rugged coves and surrounding snow-capped mountains. Stretch your legs on the windswept coastlines of the Falklands~Malvinas, rich in dramatic military history and home to the world's largest black-browed albatross colony.

"The destinations were positively EPIC... Thank you for an exceptional, life-changing experience that took me out of my comfort zone... I brought home memories and more: a craving to return (and I will), a desire to explore more of the polar regions, and a yearning to see every single penguin in the world. I absolutely loved the trip and am forever grateful for the unique experience – and am thankful to the places and the people that made the experience possible."

In Shackleton's Footsteps

Antarctic Peninsula, Weddell Sea & South Georgia | 20 Days

Follow in the footsteps of 'The Boss' on this quintessential polar voyage, from the serene ice of the deep south to the subantarctic wildlife paradise of South Georgia. Experience the Antarctic Peninsula and set foot on the continent before making your way north to the spectacular Antarctic Sound, gateway to the Weddell Sea. Embrace the adventure as you voyage farther east, navigating as far as possible into the Weddell Sea, where Shackleton's *Endurance* met its fate. From here set a course to Elephant Island, the desolate outpost where Shackleton and his men finally made landfall after 497 days at sea. On the final leg of your voyage, follow the course of the *James Caird* across the Scotia Sea to South Georgia, where Shackleton's voyage reached its remarkable conclusion.

HIGHLIGHTS

- Learn about the fascinating history of Shackleton's *Endurance* expedition, including the 2022 discovery of the shipwreck
- Marvel at enormous tabular icebergs that escape the Weddell Sea into the Antarctic Sound, also known as 'Iceberg Alley'
- Hike from Fortuna Bay to Stromness, repeating the final leg of Shackleton's remarkable traverse of South Georgia (conditions permitting)

Patagonia & Chilean Fjords

Patagonia & Southern Chile | 15 Days

Sail the legendary Beagle Channel and marvel at the snow-covered peaks of rugged Patagonia. Zodiac-cruise through fjords flanked by glaciers and watch as the captain skilfully navigates narrow channels while you keep watch for acrobatic dolphins, penguins and seals. Spend two days hiking and exploring in Torres del Paine National Park, renowned for its majestic granite towers and jaw-dropping landscapes.

HIGHLIGHTS

- Search for marine wildlife in and around the waters of Francisco Coloane Marine Park, declared in 2003 as Chile's first marine conservation park
- Marvel in the dramatic landscape along a dazzling stretch of the famous Beagle Channel, called Glacier Alley
- Enjoy two days exploring the dramatic and rugged scenery of Torres del Paine National Park, famous for its granite towers

Featuring Torres del Paine National Park

To enjoy all this region has to offer, this voyage features one night at a beautiful property on the Serrano River and guided hikes in the park.

OVERVIEW

1–2 Overnight in Ushuaia before setting sail on Day 2.

3 Sail to Cape Horn, and perhaps enjoy a landing.

4–5 Cruise the Beagle Channel, soaking in breathtaking scenery along Glacier Alley and in hidden fjords.

6 Zodiac-cruise the wildlife-rich waters of Francisco Coloane Marine Park, enjoying the scenery while keeping watch for seabirds and dolphins.

7 Be out on deck to watch the captain skilfully navigate White Narrows to reach Puerto Natales (navigation operations/timings are dependent on tides).

8–9 Spend two days hiking in Torres del Paine National Park, renowned for its majestic granite towers, jaw-dropping landscape and unique wildlife. Enjoy an overnight hotel stay by the Serrano River.

10–11 We sail to a number of glaciers, including Pío XI, one of the only glaciers in Patagonia that is advancing rather than receding. We call into tiny coastal hamlets to meet locals who live an isolated existence from the rest of Chile.

12 Enjoy the spectacular scenery as we sail through the fjords and channels of northern Patagonia.

13 Spend time exploring the coastline of Tic-Toc Bay, an area renowned for blue whales, marine mammals and seabirds.

14 Discover the charms of Castro, the capital of Chiloé Province, before visiting the World Heritage churches of the region.

15 Disembark in Puerto Montt.

Antarctica & Patagonia Explorer

Combines 'Antarctic Explorer' + 'Patagonia & Chilean Fjords' | 25 Days

This new voyage combines the icy spectacle of Antarctica with the calm beauty of the Chilean Fjords. Start your journey with a flight to the South Shetland Islands and explore what wonders are on offer in the late summer season. You will certainly delight in the plentiful numbers of whales gathering in the icy sounds, not to mention the moulting penguins and inquisitive fledglings taking their first tentative steps into the sea. Watch skuas, terns and perhaps a suite of petrels as they wheel against a backdrop of spectacular sunsets as the days shorten and winter makes its gradual approach. Your adventure continues northwards through the stunning Chilean Fjords. As you pass craggy peaks, snow-covered mountains and waterfalls, spot the vast array of mammals and birdlife that call this region home.

HIGHLIGHTS

- Late season is the perfect time to bear witness to the sheer number of whales congregating in the region before beginning their migration north for the winter
- Combine the grandeur of Antarctica with the calm beauty of the Chilean Fjords, both offering unique wildlife and spectacular sights
- Spend a night in Torres del Paine National Park and maximise your hiking time over two action-packed days

Our Small Ships

We proudly operate a fleet of three state-of-the-art, purpose-built ships designed for exploration. Each uses the latest advances in design and technology, creating a revolutionary small-ship experience.

Our dedication to offering exceptional voyages to small groups means travelling with no more than 130 passengers to the polar regions.

Small Ships, Big Adventure

Our Ships' Namesakes

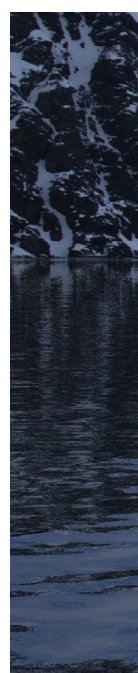

The *Greg Mortimer* honours our founder, legendary explorer and mountaineer Greg Mortimer OAM. The *Sylvia Earle* is named after leading conservationist, marine biologist and oceanographer Dr Sylvia Earle, who was the first person selected as 'Hero for the Planet' by *Time* magazine and is the one of the greatest advocates for protecting the world's oceans. Our newest ship, *Douglas Mawson*, is named after Sir Douglas Mawson, a legendary Australian explorer and geologist who was a key expedition leader during the Heroic Age of Antarctic Exploration.

Intimately Sized Yet Hugely Innovative

Venturing to the farthest reaches of the planet, our small ships are able to navigate where others can't, allowing for unparalleled up-close encounters with nature. The Ulstein X-BOW® makes sailing smoother and faster, and is built to leave the marine environment undisturbed.

The Perfect Base Camp For Adventure

On board, we offer everything you need to maximise your comfort and relaxation. While these brilliantly designed ships could be a destination in themselves, our primary focus is on showing you the wonders of the outside world through expansive windows, multiple observation decks, and an array of expedition equipment so you can venture off-ship into the local environment as much as possible.

Our Onboard Experience

Staterooms Designed For Maximum Comfort

Feel at home in the comfort of our spacious and well-appointed staterooms or suites. Choose from a range of configurations and features to suit every traveller, with dedicated single cabins across all our ships.

Every stateroom or suite features an ocean view and nearly all include balconies. Beautifully appointed, they showcase a simple, neutral colour palette taking inspiration from nature. They are designed to ensure your onboard comfort and even include heated bathroom floors for travel in the polar regions.

Relaxed & Friendly Dining Options

Dine and meet new friends in our informal restaurants, enjoying our responsibly sourced farm-to-table food offerings. Our general dining room offers buffet-style breakfast and lunch, and an à la carte dinner service, with chefs crafting different menu options for each meal. We also have speciality restaurants on our ships, which feature a unique dining menu, including the *Greg Mortimer's* 'Tuscan Grill' and the *Sylvia Earle's* 'Rockhopper' restaurants.

For early risers, don't miss out on our pastries, coffee and tea in the lecture theatre. Plus, try the latest cocktails and share drinks with newfound friends at one of our bars, with multiple locations, including the observation deck as well as the brand-new pool bar on the *Douglas Mawson*.

Go Solo

Our social and welcoming atmosphere on our small ships makes for an ideal experience for solo travellers. To support your solo travel adventures, we offer 10 dedicated solo cabins on every sailing, with no single supplement.

Exploration in Comfort

Our Onboard Amenities

Our onboard amenities create an ideal base camp for adventure and discovery. The atmosphere on our ships is intimate and relaxed, so you can mingle with like-minded travellers and make new friends – whether you are enjoying extraordinary views on deck or indulging in our wellness spaces.

VIEW the incredible landscapes and wildlife through floor-to-ceiling windows that face every direction. Find a spot on the vast outside decks, or the dedicated observation areas. Aboard the *Greg Mortimer*, we also have unique viewing platforms that extend out either side of the ship, so you can get close to the real show outside.

LEARN from our knowledgeable and highly experienced Expedition Team and Guides in our lecture theatre or citizen science spaces.

ENJOY welcome drinks with the Captain and Guides.

INDULGE IN WELLNESS spaces such as the gym, sauna and Jacuzzis.

UNWIND in our wellness centre aboard the *Greg Mortimer* or *Sylvia Earle*, enjoying a facial treatment or massage (additional costs apply).

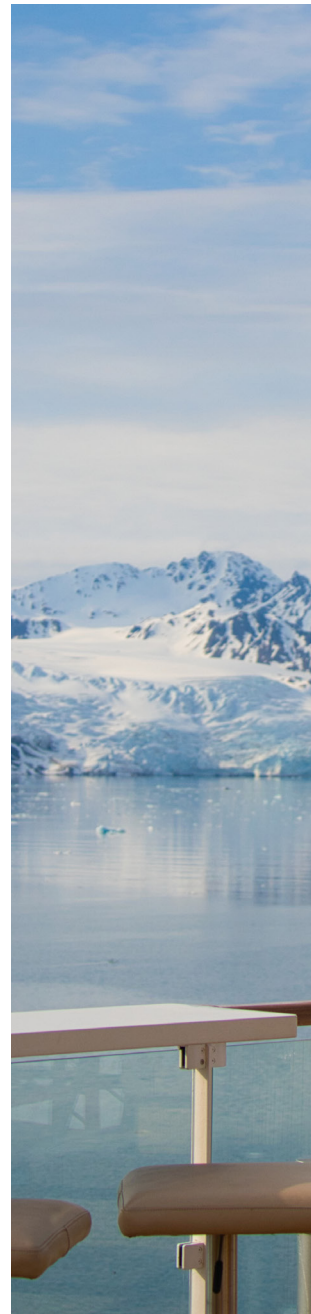

TAKE A DIP in our swimming pools aboard the *Sylvia Earle* and *Douglas Mawson*.

STAY HYDRATED with our complimentary reusable water bottles (on request) and water refilling stations throughout the ship.

RELAX and unwind in the comfort of our well-stocked library.

GET READY for adventure in our mudroom and our unique activity prep area, with individual lockers for all your complimentary expedition gear and equipment.

STAY CONNECTED with complimentary access to Starlink wi-fi.
